Port Hearing Set for Nov. 22

MEET HELD STEP TO U. S. AID

Harbor Board Chief Urges County Boosters to Attend Gathering

WAR DEPT. ENGINEER TO BE GIVEN FACTS

Full Co-operation of All County Residents Asked By Commission Head

With federal aid for Newport Harbor at stake, the Orange county harbor commission, and boosters for the development of a commercial harbor at Newport bay, were preparing to present to the war department definite data showing the possibilities of ocean traffic development for the harbor, following receipt today of a notice that a public hearing on the issue would be held at the city hall here at 10 a. m. November 22.

The hearing will be conducted by Major E. D. Ardery, district engineer from Los Angeles, according to the announcement.

The official notice states that "the river and harbor act of September 22, 1922, calls for a preliminary examination, and, if necessary, a survey of Newport bay, for the purpose of determining whether it is advisable for the United States to improve this bay, and if so, the character and cost of the necessary work."

Commission Holds Meet

The harbor commission was in session today at Newport, where L. L. Shaw, chairman, urged that all persons who may be interested in the project, and who possess data relative to shipping advantages of the harbor, to compile at once such information for presentation at the hearing. It may be filed with the commission. It is desired that all ideas be written and submitted in triplicate, and thereby they will be on record and will be given full consideration, which may not be possible in the case of oral statements.

Meeting Held Vital

The hearing is one of the utmost importance to the harbor project, and is an opportunity to secure federal aid that may not be presented again in a long time, Shaw said.

German President Facing Crisis As Marks Drop Lower

FRIEDRICH EBERT, President of Germany, whose regime is tottering as a result of the fall of the mark which may throw the country into bankruptcy.

BOMB RAZES HOME WHILE FOUR SLEEP

Police Seek Black Handers as Suspects in Chicago Outrage; Tot Bares Death Threat.

CHICAGO, Nov. 1.—Four members of the family of George Colture were blown from their beds today by an explosion believed to be the work of "black hand" bombers.

Police who rushed to the scene found Colture, his wife and two daughters huddled in the street in their night clothes. They were not seriously injured.

"It's the black hand," Josephine, 14, the oldest girl, told police. "For the last five months they have been asking my father for money. They demanded \$1,000 and threatened to kill him."

The blast broke all the windows, demolished the front steps and wrecked part of one side of the house.

Throat Ailment Halts Fight Of Ousted Premier

LONDON, Nov. 1.—David Lloyd George, former premier, has been forced to abandon his speaking engagement at Bristol Thursday because of a slight illness, it was announced today.

The heavy strain placed upon Lloyd George by his campaign to come back as leader of the British Empire, has been exceptionally heavy the last few days.

Lloyd George is suffering with a cold which has inflamed his throat, which was overstrained during his recent speaking tours, it was announced.

He hopes to speak Saturday in London, however.

"30" BULLETINS

ATHENS, Greece, Nov. 1.—An American relief worker named Right has been killed by the Turks near Meraina, according to an unconfirmed report received here.

RICHMOND, Va., Nov. 1.—Thomas Nelson Page, former American ambassador to Italy, died suddenly this afternoon at his country home, "Oakland," in Hanover county, Va. He was 69 years old.

GRASS BLAZE PERILS NEW JERSEY VILLAGE

SECAUCUS, N. J., Nov. 1.—A grass fire that had swept four miles over meadows near here menaced the southern part of Secaucus today.

FIND BOMB ON RY. LOCOMOTIVE

PETITION ON CHARTER UP TO NIGHT

Civic Affairs Committee to Present Plea to City Council

That a petition will be filed with the city council in adjourned session tonight requesting that body to call an election for the selection of a board of freeholders to frame a charter and that a map disclosing tentative lines for subdividing the city into residence, business and industrial zones may be presented, became known today.

The civic affairs committee of the Santa Ana Chamber of Commerce at a meeting late yesterday afternoon decided definitely to submit the charter petition tonight.

The several petitions bearing the signatures of voters will be grouped in one and filed. The petition bears 1389 names, 1038 of which the city clerk has officially verified.

Add 351 Names

In the past week or ten days 551 names have been added to complete the list for those found to be irregular on the first petition presented.

The irregularities were found in the signatures of women who signed the initials of their husbands and in those of business men who gave their business instead of residence addresses. Under today's registration the petition requires 1350 names.

The civic affairs committee also decided to enlarge itself by inviting the presidents of the city Parent-Teacher association, the Men's Church brotherhoods, Santa Ana Post No. 131, American Legion, Sedgewick Post No. 17, G. A. R., and the Elks club to cooperate in developing an organization to work for the charter.

Tentative Lines O.K'd

Tentative lines for an industrial zone were agreed to at a meeting of a joint committee of the city council, Chamber of Commerce and Merchants and Manufacturers association, appointed a year and a half ago to suggest boundaries for such a district. It is possible that the map may be presented tonight for consideration of the council, it was stated. In case the outline is presented there will be no public discussion on the subject. A public hearing on the boundaries will be held at a later date, after the council has decided on certain features of the ordinance and map.

WIDOW DENIES WITNESSING KILLING

(United Press Leased Wire) NEW BRUNSWICK, Nov. 1.—"I am innocent of any knowledge or complicity in the death of my husband," Mrs. Frances N. Hall declared this afternoon in an interview with the United Press in which she went frankly and fully into every detail of the Hall-Mills mystery.

Mrs. Hall, who has been an enigma since the tragedy on September 14, received newspapermen and answered any and all questions for one hour.

At the end of that time, the composure which she showed at the beginning of the interview was unruffled. The most searching questions had failed in any way to break down her story of her complete innocence.

"Fa-see-shee" Correct Pronunciation of Italian Party's Name

PASADENA, Calif., Nov. 1.—It looks so easy to pronounce and yet is so easily mispronounced, that Augusto Galli, recently Secretary of the Fascist movement in Rome and an intimate friend of Benito Mussolini, new Italian premier, thinks the people of the United States might as well get acquainted with the correct pronunciation now.

"They will be familiar with the word 'Fascist' for a good many years," Galli said. "So, here's how it is spoken in Italy: 'Fa-see-shee, with the accent on the second syllable. The 'a' is sounded like 'ah' as in 'far.'"

SAYS FASCIST SAVED ITALY FROM REDS

PARIS, Nov. 1.—An unconfirmed dispatch to the Agency Radio from Chiasso today said Fascist had demanded that the American consul in Rome hoist the Italian flag over his consulate. The report also said the Fascist burned the chamber of labor in Rome.

(United Press Leased Wire)

PASADENA, Nov. 1.—"Young Italy has stirred and has made itself known. The Fascist movement which has swept picturesquely Benito Mussolini into power as premier, has spelled the doom of the Communist and red parties and has saved the country from turning Bolshevik. Mussolini in Italy today is what your great Roosevelt was to the United States. He is a man of action. The Fascist is a movement of action. Italy has been saved."

So declared Augusto Galli, former secretary of the Fascist club in Rome and a former sub-commander in the movement at Prato, Tuscany, near Florence, who has just arrived in Pasadena to make his future home with his father, C. E. Galli, prominent banker here.

Praises Mussolini

Galli, who is in his early twenties, has been identified with the Fascist movement for more than three years and, as one of the active leaders of the society in Rome, enjoyed intimate association with Mussolini.

"Italy was headed for a fate as terrible as that which grips the once powerful Russia," said Galli. "The Communist and other radical parties, including that section of the Socialist group which sought to see Italy ruined, has gained great headway before patriots like Mussolini and others started the movement, afterward known as the Fascist, which has saved the nation."

"Mussolini is a man of action. He is a lawyer and a newspaper publisher. His newspaper 'Popolo D'Italia,' published at Milan, championed the movement and is subscribed to by thousands of persons in all parts of the nation. Other editors seeing the Communist menace, joined with us. Mussolini was an aviator during the war and was on intimate terms with the poet-warrior, d'Annunzio."

"The Fascist organization is a republican movement, but the king will be tolerated, so long as he is with the people. The king realizes this and with Mussolini in power a new state of affairs which will bring about a new Italy, a more satisfied populace and more prosperous times, is at hand."

"To become a member of the Fascist is not an easy matter. An applicant fills out a petition which must be signed by two members of the organization. It is then sent to a committee to be approved and if so the applicant is accepted. There are no criminals in the Fascist. We have a password which is only used when we are in action."

REPORT FASCIST FORCE IN CLASH WITH SERBS

LONDON, Nov. 1.—It is reported to have broken out between the Serbian-Italian result of the Italian army.

CALL EXPERT TO PROBE MYSTERY

Infernal Machine Capable of Wrecking Large Area, Police Claim

A bomb, capable, according to the police, of devastating a large area, discovered in the tender of a Santa Fe locomotive here, was being held here today pending the arrival of the Santa Fe explosive expert from San Bernardino.

Measuring eighteen inches in length, and four inches in diameter, the strange bundle, which police are confident is filled with dynamite, was an excellent piece of workmanship, according to them.

As Engineer J. Morrison and Fireman R. Byron were filling the water tank of their locomotive, preparatory to a run to San Diego, about 6:30 last evening, they noticed a long, dark object in the tank.

Police Examine Bomb

Curious, they grasped it, and brought it to the surface. A cursory examination convinced them that it was a bomb, and the police were called. Acting Chief of Police Joseph H. Ryan, and Motorcycle Officer H. D. Jaynes, who examined the parcel, were of the same opinion.

The bomb was fashioned from a piece of inner tube. Fitted in each end were iron slugs, with the rubber casing securely taped about them.

The interior was stuffed with about five pounds of light yellow substance, which the police and others say is dynamite or even a more powerful explosive.

When the police and Santa Fe officials cut open the rubber covering, they found, at one end, they declare, a small vial of a dark appearing liquid, of slight viscosity. This, it was believed, was sulphuric acid, or some other chemical, and was intended for use as a detonator.

Locomotive Recently Repaired

According to the police, the locomotive in which the supposed bomb was found had been repaired in San Bernardino but a few days ago, and it was argued that radicals there might have deposited the instrument at that time.

"We do not know definitely that what we have found is a bomb," P. T. Smith, local Santa Fe agent, said today. "We have called for the services of the company's expert, who, we expect, will arrive today or tomorrow."

Meanwhile, the bomb was kept under lock and key, with every precaution taken to prevent its explosion.

SEIZE SUSPECT IN PLOT IN DYNAMITE TRAIN

BURBANK, Calif., Nov. 1.—One man was under arrest here early today as the result of what was believed an attempt to dynamite a Southern Pacific freight train last night. He was later released. The police are mystified.

Two cars were wrecked and were switched to a siding by an engine sent from Los Angeles.

The explosion shook houses for blocks about the scene. According to the police the attempt was made with a time fuse bomb.

Chief of Anti-Obregon Rebels Dies Before Mexico Firing Squad

MEXICO CITY, Nov. 1.—General Francisco Murgula was executed by a firing squad at St. Tepehuanes after a court martial, the war department announced today.

The execution occurred at 9 a. m.

Murgula, one of the most famous of the Mexican rebels, was captured in a church only a few hours before he was killed.

Murgula, ardent Carranzista and arch enemy of President Obregon, has long been credited with being the most dangerous opponent of the present government. He met federal troops recently in Durango and was decisively defeated. Federalists pursued him and remnants of his army into the mountainous country.

WOMAN DIES AS CYCLONE RAZES HOME

Twister Sweeps Through Village Leaving Twelve Injured; Six Hurt in Illinois.

WEBB CITY, Mo., Nov. 1.—One woman was crushed to death and nearly a dozen other persons were injured when a cyclone struck this sleeping town early today.

BELLEVILLE, Ill., Nov. 1.—Six men were hurt, three of them fatally, when a cyclone blew over a large brick smokestack at the plant of the Belleville Stove and Range company today. Several houses were unroofed and many chimneys blown down.

Country Facing High Rents For Two Years, View

WASHINGTON, Nov. 1.—No relief from high rents may be expected for eighteen months, and to two years, John Hilder, head of the civic department of the United States chamber of commerce, stated today on the basis of a survey of building conditions in all parts of the country.

Despite the fact that the past year has witnessed the most remarkable building program in history, the saturation point is still in the future, Hilder said.

The value of new buildings constructed up to the end of this September was estimated at slightly more than \$1,600,000,000. The 1921 total was approximately \$1,500,000,000.

CLAIMS OXYGEN ENDS PAIN IN CHILD BIRTH

(United Press Leased Wire) COLUMBUS, Ohio, Nov. 1.—Painless childbirth is possible through administration of nitrous oxide oxygen, it was announced here today at the convention of the National Anaesthesia Research society.

Dr. Arthur E. Guedel, Indianapolis is the discoverer of the anesthetic which was hailed in medical circles here today as a boon to motherhood.

"In many cases through this method," Dr. Guedel said, "it is possible for the mother to use nitrous oxide oxygen herself under the direction of the obstetrician."

"It also eliminates all complications following childbirth often due to the poisonous effects of other anesthetics."

Babies born under this method seldom have to be resuscitated, Dr. Guedel claims. They are pink and cry lustily at birth.

Dr. Sylvester Goodman, staff obstetrician of Grant hospital, declares the new anesthetic is no safer than chloroform or any other anesthetic.

"Dr. Guedel's statement that it will make the babies pink at birth is all wrong," Dr. Goodman said. "Babies are born blue in spite of all you can do."

Dr. Goodman classes nitrous oxide with "twilight sleep" and "sunrise slumber."

SAN DIEGO 'MIDDIE' FACES HAZING TRIAL

FRIEND OF PRISONER WITNESS

Declares Mrs. Phillips Subject to Violent Epileptic Seizures

ATTORNEY ATTACKS CAFFEE TESTIMONY

Herrington Accuses Chorus Girl of Striking Blow

(United Press Leased Wire)

LOS ANGELES, Nov. 1.—Herrington, which she failed to show when accused of the hideous hammer murder, swept Clara Phillips' today as she heard evidence of the defense to prove her and members of her family insane.

She sat with eyes downcast, and with a look of shame which she has not shown since her arrest for the alleged killing of Mrs. Alberta Meadows.

Wilhelmina Adkinson, actress, who lived with Clara for eight months in San Antonio, while Phillips was in the army, was the first witness called to support the insanity plea.

The actress, whose stage name is Billy Moody, said that Clara was subject to epileptic seizures at the time they roomed together.

Once during a rehearsal Clara was taken ill, she said, and lay with arms and legs stiffened for twenty minutes. Another time she returned to their room to find Clara in the same condition and the room in disorder. Miss Adkinson declared. She had other "spells" of the same sort, and never remembered what had happened, the witness stated.

When on cross examination, Miss Adkinson described how an osteopath manipulated Mrs. Phillips' arms and legs, Clara laughed aloud. The first time she has laughed since the trial began.

Attorney Herrington today served notice on the jury he would attempt to show that Peggy Caffee, the state's star eye witness, struck the blow with a hammer that felled Mrs. Alberta Meadows.

Following the introductory of the defense by Herrington he announced that he is prepared to call witnesses to support his counter attack by which he would shift blame for the "hammer murder" to Mrs. Caffee.

His defense will show, the attorney declared, that Peggy Caffee bought the hammer and at the scene of the murder was aware, as the defendant was aware, the only one to use it in any way.

AUTOIST DECAPITATED UNDER FREIGHT TRAIN

OAKLAND, Calif., Nov. 1.—W. D. McMahon of this city was decapitated today under the wheels of a freight engine at Brush and First streets here.

He was one of the five passengers in an automobile approaching a crossing. Just as the train passed he leaped from the car, according to witnesses, and fell beneath the wheels of the engine.

Two persons, who gave the names of J. I. Grant and Mrs. Ida Rogers who were in the automobile, were arrested charged with being intoxicated. Two others disappeared.

SEEK LAW TO HALT SALE OF FIREARMS

LOS ANGELES, Nov. 1.—Campaign for a state-wide law regulating the sale of firearms was launched here today, following a meeting of business men last night. Victor Giraud, chairman of the committee appointed to direct the campaign, declared that the state law should be based on the city ordinance on the subject. In the recent jail break here, guns used in the escape were found to have been purchased outside the city, it was stated.

Chief of Police Louis D. Oakes and Sheriff Traeger are the other members of the campaign committee.

HOT BATTLE ON AS GIRL CASE JURY CHOSE

While Roy Britton sat, eyes downcast, in Superior Judge R. Y. Williams' court, a jury this afternoon heard opening testimony in his trial on statutory charges involving Zella Vaughan, Fullerton high school girl, following an alleged wild party at the Britton home last June.

Heated debate in choosing the jury presaged a well fought battle in the case. Deputy District Attorney C. N. Mozely had exhausted all the peremptory challenges allotted to the state, while two were left to Attorney Clyde Bishop, counsel for the defense, when the twelve jurors were finally sworn.

Five women and seven men were contained on the jury as it was finally selected. Those chosen were:

Alfred Leech, J. H. Edwards, Alma Beckwith, Herman C. D. Wyneker, F. J. Adams, George Smith, Eva L. Gage, Blanche Kellogg, L. H. Whitney, Clara S. Bird, Clara M. Jones and E. C. Wright.

While the jury was being chosen, Miss Vaughan, star witness for the prosecution, was waiting in the district attorney's office, ready to be summoned to testify.

According to information brought out at a preliminary examination, Miss Vaughan is a first cousin of Mrs. Britton, wife of the defendant. She had been staying at the Britton home in Fullerton, and on the evening that the alleged offense was said to have been committed, had partaken, with some others, of some liquor. Britton, throughout the entire process of choosing a jury this morning, occasionally would glance at a prospective juror, but always his eyes returned to their original position.

His wife, who was originally charged jointly with him, but whose case was dismissed in justice court, sat, with relatives and friends, watching closely every move of the opposing lawyers. She was attired in a black hat, which partly hid her eyes, and wore, under a brown cape, a brown satin dress with Spanish lace.

MAY HALT INQUIRY INTO SLAYING CASE

(Continued from Page 1.)

oner's jury verdict," Kuhr said. This examination showed that the bullet had entered Mrs. Carleton's body downward at an angle of 45 degrees, lodging in the muscles adjacent to the spinal cord. The bullet entered the left chest, just below the shoulder. Mrs. Carleton was left-handed.

CLAIMS RINGS OF DEATH CASE WOMAN MISSING.
HELENA, Mont., Nov. 1.—The body of Mrs. Margaret Carleton was brought here today for burial by Mrs. Joseph Pyle, mother of the dead woman.

Mrs. Pyle said that Havre authorities had not cleared up the mystery of how the revolver with which the double killing was done had come into Mrs. Carleton's possession. Two diamond rings which Mrs. Carleton wore on the fatal night, also were said to be missing. Mrs. Pyle intimated that she would not drop the investigation until these points and the motive for the deed are cleared up.

HUSBAND OF DEAD WOMAN PLACES BLAME ON PASTOR.
LOS ANGELES, Nov. 1.—Blame for the double tragedy in the deaths of Mrs. Margaret Carleton and the Rev. Leonard J. Christler at Havre, Mont., today was attributed to the Rev. Christler in a signed statement by former Judge Frank E. Carleton, husband of the slain woman.

"I can no longer remain silent in the face of the attempt to 'whitewash' this 'bishop of all outdoors,'" Carleton said. Carleton referred particularly to a statement by Bishop Faber, and protested against it as an injustice to his wife.

"I want to say to the world that Margaret is not to be blamed for this affair, but that the real blame should be justly placed upon the man who paid the price," he concluded.

We rent Fords, Dodges and Buicks as low as \$2.00 and \$3.00 per day. Owl Taxi, 411 No. Sycamore. Phone 1486.

SAYS ITALY SAVED FROM RED THREAT

(Continued from Page 1.)

press dispatches said. The fighting was reported near Sushak, with both sides losing many in killed and wounded. The fighting is spreading, the report said.

The Serbs are sending reinforcements and it is understood they are ready to mobilize if necessary, the same dispatches said.

MUSSOLINI TO RULE ITALY WITH FIRM HAND.
ROME, Nov. 1.—Benito Mussolini, new premier of Italy, declared today that the Fascist government would "give back to the country its soul."

Mussolini has instituted a rigorous system of checking up his new government. Each morning he plans to telephone to each minister, to be assured everyone is at work. State employees were warned that tardiness would result in instant dismissal.

The Fascists were disbanded today after a Roman triumph in the capital in which 100,000 "black shirts" participated. Pacification declared by Mussolini to be his first aim, is to be enforced at once, the premier declared, starting in with his own followers, who were ordered to demobilize immediately.

SON OF EVANGELIST MISSING SINCE RAID

(United Press Leased Wire)
LOS ANGELES, Nov. 1.—Prolonged absence of Billy Sunday Jr., alleged prodigal son of the noted slang-slinging evangelist, today complicated the situation resulting from a raid on his home in Hollywood.

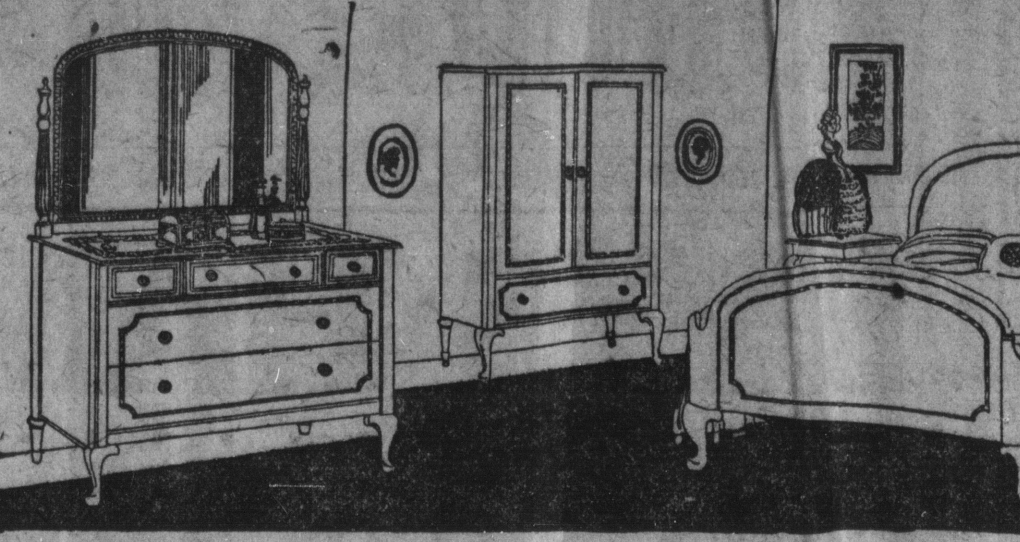

Neither Sunday nor G. N. Evans, whose police officers are to appear in court today, were seen at the home.

Persons may appear before the Board of Trustees of the City of Santa Ana, at 10 o'clock p. m., on the 12th day of November, 1922, at which time and place they may be heard and their assessments may be paid or contested. Dated this 31st day of October, 1922.
E. L. VEGELY,
Clerk of the City of Santa Ana.

NEWS BRIEFS

Making their initial appearance
in the high school halls, two huge
calendars showing all the athletic
contests scheduled by the school
for the current month, were on
display today. These calendars
have been made by Miss Ethel
Smallwood, of the Girl's league
cabinet, for the high school; and
by Miss Frances Battey, for the
junior college. The latter is an
art representative on the Y. W.
C. A. It has been reported that
the girls plan to keep these
monthly calendars of school
events posted throughout the
year.

The high school Honor society
is planning to hold its first social
meeting on the evening of No-
vember 8 at the home of Mr. and
Mrs. J. N. Anderson, 501 Wel-
lington avenue. It was announced
today. The meeting is to include
a supper with a program and af-
ter that a talk by William F.
Clayton, vice-principal of the high
school, on "The Dynamics of an
Ideal."

Mrs. Catherine Herr, of Santa
Ana, with other relatives, today
was preparing to attend the fun-
eral services to be held for her
mother, Mrs. Janet Leislman
Thompson, tomorrow morning at
the Renaker undertaking parlors,
Monrovia. Mrs. Thompson died
at her home at Duarte yesterday
at the age of 67 years. The de-
ceased was the widow of A. C.
Thompson, creator of the Thompson
needleless orange. Mrs. Herr
is the wife of A. Y. Herr, real es-
tate salesman of this city.

Fully 200 Masons attended the
reception at the Masonic temple
at Fullerton in honor of a num-
ber of grand officers, including
Judge William H. Waste, San
Francisco; Grand Knight Burn-
ham, Judge W. H. Thomas, Phil-
lips conducts tests of those desir-
ous of having a part in the play.
A large cast is needed.

First steps in the selection of
the cast for "The Yellow Jacket,"
to be presented here by the
Community Players, will be taken
tonight at the junior high
school, where Ernest Crocker, Phil-
lips conducts tests of those desir-
ous of having a part in the play.
A large cast is needed.

Payment of \$1000 was made Roy
Vincent today by the Orange
county fair executive committee
in exercise of the option se-
cured on his property, at the cor-
ner of Fairview avenue and South
Bristol street, as a part of a per-
manent site for the fair. The con-
tract was made in the names of
H. E. Wahlgren, O. A. Haley and
L. G. Swales, as a committee.
The contract later will be assign-
ed to the permanent fair directors
when they are named.

What is termed "the finest edition
of the Register," official publi-
cation of the Sons of the Revolution,
will soon be off the press and
ready for distribution among
members. It was learned here to-
day. The edition, made especially
in observance of its 30th anniver-
sary, will include thousands of
names of the order's members,
and will also contain pictures of
the Revolutionary war that have
not previously been published.

Mrs. Ethel M. Carter, your
mother is seriously injured and
desires that you be with her. E.
E. Warner, manager of the
Western Union Telegraph com-
pany's office here, stated today
that he held a telegram for you
containing this information. He
also requested that anyone know-
ing of your whereabouts notify
him at once, so that the telegram
could be delivered.

The quail season opened today.
Nimrods took the field in consid-
erable numbers, in the hope of
bagging limits. The "crop" of
birds in this county was not ex-
pected to be especially heavy.

STUNTS TO FEATURE
TEACHERS' MEETING

The first meeting this winter
of the City Teacher's league will
be a social affair, and will be
held November 14 in the high
school gymnasium, it was an-
nounced today.

Each school is to present a
stunt, according to Edward Hum-
mel of the high school, who is
the president.

The high school stunt commit-
tee will be made up of the fol-
lowing teachers: Phillips, chair-
man; Miss Bertha Stein, Mrs.
Margaret Wicks, Miss Isabel An-
derson and Elmer T. Worthy.

80 FLOATS ALREADY
ENTERED IN PARADE

ANAHEIM, Nov. 1.—With the
issuance this morning of a warn-
ing that all entries in the huge
Armistice day parade at Full-
erton November 11 must be in
the hands of committeemen this
evening, William P. Webb Jr., chair-
man of the Anaheim Legion Post
parade committee, made known
that already eighty floats have
been entered in the big spectacle.

Because of the various records
and classifications to be made
on each entry before the parade,
Webb said that the "deadline"
on registration was made to al-
low time for this work.

daily at The Register con-
certs are furnished by Carl G.
Sprock. The excellent piano
and an Edison phonograph
were also furnished by Mr.
Sprock.

RECEPTION FOR NEW
PASTOR IS ARRANGED

A fitting reception to the in-
coming pastor, the Rev. Will A.
Betts, is being arranged for Fri-
day at 7:30 p. m. at the First
Methodist church, according to
Mrs. C. W. Burns, secretary of the
Ladies' Aid, under whose auspices
the reception will be held.
Details of the program for the
evening are being developed, it
was said. Refreshments will oc-
cupy a prominent place on the card
of events. All persons interested
in the church's activity, or in meet-
ing the new pastor, are urged to
attend.

KIWANIS' WIVES
WILL ATTEND MEET

The first meeting of the Kiwan-
is club following Thanksgiving
will be held in the evening meet-
ing as a social courtesy to the
wives and sweethearts of mem-
bers. It was decided at a meeting
of the club at St. Ann's Inn to-
day.
The meeting which was strictly
a business session, was enlivened
when Stanley Reed sang a song
appropriate to the announcement
by L. R. Crawford, secretary, of
the recent promotion of M. B.
Wellington, president, from major
to lieutenant-colonel in the
army reserve. Reed's song was
composed here. Crawford played
the accompaniment.

An informal discussion of some
of the amendments was a fea-
ture of the session. L. A. West,
attorney, opened discussions with
remarks on the Sample Bill, some
times called the "lawyer's bill."
H. G. Nelson, A. J. Crookshank
Freeman H. Bloodgood and J. A.
Cranston participated in the dis-
cussions.

HEARING DATE FIXED
IN BAD CHECK CASES

E. W. Lord, 20-year-old Orange
youth, was today in the county
jail in default of \$1000 bail, fol-
lowing the arraignment on two
charges involving worthless
checks.
Lord was arrested several days
ago on a charge of forgery in con-
nection with a check. He was
arraigned before Justice J. B.
Cox, and his hearing was set
for November 9 at 3 p. m.
As soon as the first arraign-
ment was over, Lord was arraign-
ed on a complaint of issuing a
non-fund check. Hearing was set
for the same day.

PUBLIC DEBATE ON
MEASURES PLANNED

Preparations were being com-
pleted today for a public debate
at the First Congregational church
next Friday evening on four of the
amendments to be voted on at the
coming election. It became known
today. The debates are being ar-
ranged by Mrs. W. L. Grubb and
Mrs. C. C. Violet as chairmen of
the legislative and educational com-
mittees, respectively, of the Ebell
club.

Nos. 10, 12, 19 and 27 will be
discussed, according to Mrs. Grubb,
with affirmative and negative speak-
ers for each. The speakers have
not all been procured yet, but Mrs.
Grubb said she probably would be
able tomorrow to make public the
names.

Each debater on No. 19 will be
given twelve minutes, speakers for
and against Nos. 10 and 27 will be
allotted eight minutes each and
those for No. 12 will be allowed five
minutes each.

"We feel that the amendments
selected are among the more im-
portant and it is our desire to ac-
quaint the voters with the salient
points," said Mrs. Grubb. "We have
not included a discussion of the
right act because there is to be a
big demonstration and speaking
in behalf of the measure Satur-
day."

\$25 CHECK FORGERY
LAID TO MAN HERE

Forgery of a check for \$25 was
charged in a complaint issued here
today against Vernon Parks.
According to J. Ellery, complain-
ant, Parks gave him a check for
\$25, signed "Earl Wakely" which
was a fictitious name.

James noonday lunches.

New Jacquette Overblouses
of Parisian Origin---Quilted Fabrics---Fur CollarsNew Metallic
Trimmings Brought
to the Fore

Fashion Ushers Them in
With a Flash of Glory

A glittering assortment of metallic trimmings has ar-
rived—imported from Calais and Lyons, France.

Metal Spanish Lace All-Over
—something very new, and very fashionable. We have
them in Gold and Silver, Silver on a black thread, and
Antique Gold. Price, \$8.00 a yard.

Metal Bands to Match
—a beautiful and imposing collection of metal bands in
gold and silver to match the Spanish all-overs described
above. 10 inches wide. Price, \$3.00 a yard.

Imported Oriental Laces
—in beautiful designs, silver thread, gunmetal and nickel
—narrow widths at \$2.25 a yard—the all-overs at \$4.00
a yard.

Spanish All-Over, Tinted
—something entirely new—in blue and gold, brown and
gold, black and silver. Priced at \$5.00 and \$6.00 a yard.

Bulgarian Collar Points
—the scallops are embroidered in silk in colors that will
match any costume. All colors. Vesting and collars to
match, the former at \$4.50, and the latter at \$2.50. A
vestee and collar may be made at a cost of \$2 to \$2.25.

Imported Venise Collar Points
—with striking colored embroidery in center of scallop.
Priced at 30c and 35c per cent. Also the Venise collar
points in beige color at 20c each.

It's the particular mission of the blouse
to make of a suit or a skirt a separate cos-
tume.

That mission is wonderfully well filled by
these new Matelasse Overblouses just now
on display.

A stunning fur collar in itself carries out the
idea in the first paragraph above. The heavy
quilted Matelasse fabric, the crepe lining, ac-
centuates that idea.

A fancy buckle fastener at the bottom, three-
quarter sleeves—completes the description as
near as words will do it.
Priced at \$16.50.

Quilted With Gold and
Silver Threads---Lined

Another style places special emphasis up-
on the quilted effect of the material by add-
ing silver and gold stitching.

This style is varied by Black with gold stitch-
ing, Blue with silver stitching, and brown
shades with gold stitching.

One marvels at the skill with which these
blouses were fashioned—they're sure to create
a world of intense interest.
Priced at \$9.00.

Batik Blouses

Some stunning new Batik blouses
with short sleeves have just arrived.
Priced at \$5.00.

All the newest ideas in Fall Blouses
are now represented here, in brilliant
colors, elaborate embroideries, braids
and beads. Priced at \$6 to \$25.

The Balkan Sweater
an entirely new style feature
Fitting Snugly About the Hips,
Blousing Slightly Above Waist

These pert little sweaters savor of a Parisian boulevard, al-
though it's the French air given to a distinctly Balkan feature—the
slight blousing above the waistline. They are shown in tuxedo and
slip-on styles, some trimmed with diamond-shaped pearl buttons.
Made of

Silk and Mohair

A long roll collar—snug-fitting around the hips, which portion is var-
ied with faint stripes. Silk and Mohair in combinations of colors, such
as Brown and Manchu Blue, two Brown tones, etc.
Price, \$13.50.

SUPREME BENCH
CANDIDATE IN
CITY TODAY

Judge Frank H. Kerrigan, candi-
date for associate justice of the
state supreme court, who through
his 28 years of service on the
bench is one of the best known
jurists of California, was a Santa
Ana visitor today. Judge Kerri-
gan, operating for the last few days
out of his Southern California
headquarters in Los Angeles, mo-
tored to Santa Ana this morning.
He was met by Attorney Charles
D. Swanner, chairman of the Kerri-
gan committee in Orange county.

Possessing a magnetic personal-
ity, and a clear cut manner of stat-
ing his platform, Judge Kerrigan
made many friends among the
Santa Ana residents.
The jurist, who has steadily
climbed the ladder of his chosen
vocation, has a state-wide acquaint-
ance and the 80,000 votes he re-
ceived in the primary from South-
ern California is expected to be
increased to fully 100,000 at the
election next Tuesday.

A native Californian, Judge Ker-
rigan began his judicial career as
a justice of the peace. Then in
turn he was a superior court judge,
and then an associate justice of the
district court of appeals, to which
office he was elected by an over-
whelming majority. At various
times he has occupied the state
supreme court bench pro tem, and
the long experience he has had in
the judiciary fits him for the of-
fice he seeks, it is declared.

Service is Notable
Judge Kerrigan's interest in hu-
manitarian questions and his work
in behalf of homeless children
through his association with the
Native Sons has made him known
to a vast number of women voters
in the state. He urges that the
state extend assistance to the vet-
erans of the world war. Long be-
fore the primary election Judge Ker-
rigan advocated state help for
the veterans, and since the pri-
mary has been an ardent worker
for the veterans' land and home
bill.

Leaving Santa Ana this after-
noon Judge Kerrigan returned to
Los Angeles to address an impor-
tant meeting tonight. Tomorrow
his itinerary will take him to Riv-
erside and San Bernardino coun-
ties.

SHIPPING MAN DIES
OAKLAND, Calif., Nov. 1.—
Captain Charles M. Goodall, one
of the best known shipping men
on the Pacific coast and former
member of the firm of Goodall,
Perkins and company, died at
his home here yesterday aged
62.

Drop off
to sleep on a
"Neverstretch"
Mattress

Once upon a time a customer
asked a furniture salesman to see
some mattresses. The salesman
said: "This one is \$18.00, that
one is \$12.50, this one is \$7.50."
The customer interrupted with:
"Sir, I am not buying a mattress
for \$18, or \$12.50, or \$7.50; I am
buying one to SLEEP on!"

That is the reason why "Never-
stretch" mattresses came into ex-
istence. They're made for SLEEP,
not for a price. And it's the only
tufted mattress that keeps its shape.
Price, \$18.

Mayoleum
Floor
Coverings
59c
square yard

"Mayoleum" is the cheapest
floor covering made, being of felt
base. But that does not detract
from the fact that it is a good and
durable floor covering—it is a very
good value at 59c a square yard
and will give a great deal more ser-
vice than you might expect to re-
ceive for such a low price. An ex-
cellent range of patterns.

ECZEMA IN RASH CUTICURA HEALS

Face Disfigured. Itched and Burned. Never Slept.

"Eczema started on my cheek and forehead and began working up into my hair. It broke out in a rash and as it scratched and irritated it, it became blisters and spread rapidly. It disfigured my face badly and itched and burned until I was nearly wild. I never slept at night."

"I was advised to try Cuticura Soap and Ointment. The first treatment relieved me and after using one case of Cuticura Soap and one box of Cuticura Ointment I was healed." (Signed) Mrs. Freeman P. Griggs, Box 61, Greer, Idaho.

Use Cuticura for all toilet purposes.

HOLD LAST RITES FOR LAD KILLED HERE BY UNIDENTIFIED PILOT

Impressive and touching funeral services held at 10 a. m. today at the church of the United Brethren for Ralph Lacey, 5-year-old son of Mr. and Mrs. J. A. Lacey, 1802 West Fourth street, who was killed Saturday night when the automobile of an unknown driver struck him as he darted across Fourth street in front of the Lacey home.

At the same time, Sheriff C. E. Jackson assigned to two deputies the task of attempting to ascertain the identity of the death car driver. The sheriff is determined, he said, to leave no stone unturned in an endeavor to apprehend the driver.

The Rev. J. L. Parks, pastor of the Church of the United Brethren, and the Rev. F. T. Porter, pastor of the First Christian church, each spoke at the services, recounting the distressing accident and assuaging the grief of the parents with comforting words. Interment was made in the Santa Ana cemetery.

LEGION MASQUE HELD ONE OF CITY'S MOST SUCCESSFUL EVENTS

Members of Santa Ana Post No. 131, American Legion, today were recalling with keen pleasure the many amusing details of the big Halloween party held at the Legion home here last night.

According to the 200 who attended the masque dance, the affair was one of the most successful events of the kind ever held here. Special prizes, offered for the best dancers, were awarded Miss Lillian Lykke and Carl Edgar.

Guests were greeted at the door by Mrs. L. R. Crawford of the auxiliary. Mrs. Gertrude Whitney, chairman, and Mrs. Julia Maguire, and Mrs. Edith Schaniel, of the entertainment committee, assisted in receiving the guests.

The hall was appropriately decorated, the Halloween note predominating. Fantastic costumes and old clothes were much in evidence. Music was provided by the Legion orchestra.

City Binds Wounds In Wake of Ghosts

Santa Ana was recovering today from its wave of Halloween mischief.

Porches were being rejoined to houses.

Straying automobiles were being sought, and, being found, were rolled over or driven back to their respective garages.

Plants were being re-potted.

In rare instances white paint, or paint of more vivid hue, was being removed from some of the city's best residences.

Everywhere there was a general campaign to corral the hundreds of tin cans, wash tubs, boxes, logs, hitching posts, iron pipes and other miscellaneous, which remained as a sort of hangover from the city's night of youthful irresponsibility.

Vandalism Approached In some cases the revelry approached vandalism, and damage resulted. From midnight until early this morning ten police officers in three automobiles, were spreading in response to hundreds of calls from frantic residents, who complained that the marauders were taking undue liberties with their property.

In every instance the police rounded up as many of the celebrants as possible, and sent them home, with a stern admonition to remain there. Where wandering automobiles were discovered, they were placed safely near the curb, and their owners were notified. Obstacles were removed from the highway, where it was possible.

Police Were Busy In general, it was a busy evening for the police.

"Despite the fact that there were scores of children and youths on the streets, there was very little deliberate and malicious damage," Acting Chief of Police Joseph Ryan asserted today.

Motorcycle Officer Frank Stewart and Constable Jesse Elliott broke up a group of possibly 300 young folk which had congregated on Fourth street in the business section of the city, and which was proceeding four abreast.

At the high school four boys, with an automobile and a trailer full of over ripe pumpkins, were interrupted as they were unloading the trailer, and were sent hence with their load before damage was done.

Damage Is Done Damage estimated at \$15 was done by boys celebrating Halloween, who wrecked an awning on the residence of Miss Ruth Crosby, 821 North Broadway, according to a report made by Miss Crosby to

day. "I am heartily in favor of boys and girls enjoying themselves on this occasion," said Miss Crosby, "but this time they went too far. They pulled up the iron poles, split the boards on the house and tore down my canopy awning, causing damage of about \$15."

NEW YORK, Nov. 1.—Not even Halloween is an excuse for a man and woman to exchange clothes and walk the streets, Patrolman O'Neil ruled. The judge backed him up when he pinched Mr. and Mrs. Axel Berthelson.

Cow Is Puzzle NEW YORK.—Present of a cow in the speakers' resting room at Carnegie Hall still puzzles the authorities. They know about Halloween but—where did the pranksters find the cow?

CHICAGO.—It took the entire force of police reserves to quell the riot which started last night when Halloween merry-makers rolled a flaming fruit peddler's cart on the car tracks. Conductors who attempted to remove the flaming vehicle were pelted with tomatoes and the fight was on.

Traffic Is Stopped DENVER.—A five-ton truck pushed on car tracks by Halloweeners stopped traffic for several blocks before a policeman could get enough volunteers to help him move the truck to the curb.

ALBANY.—William Small felt so good after his Halloween party that when three gunmen attempted to hold him up early today he sailed into them and captured one.

WILKESBARRE, Pa.—John Creighton had to stay here all night. So much confetti was shown on his flivver by celebrators that it would not run when he tried to start home.

"Burial" Is Halted PITTSBURGH, Pa.—James Collins returned from a Halloween celebration to find everything in readiness for his burial. Plans were called off after Collins assured them he was not dead.

SAN DIEGO.—Youngsters here beat the Halloween game. A crowd of them went from house to house, clad in sheets and pillowslips, and wearing big placards "hungry ghost". Before 9 o'clock most of them were too full for mischief.

MCADOO TO AID DEMOCRATS IN STATE FIGHT

(United Press Leased Wire) SAN FRANCISCO, Nov. 1.—Word coming from Southern California Democratic headquarters that William G. McAdoo had entered the California fight in behalf of the Democratic ticket, was regarded here as one of the most interesting developments in the campaign to date.

McAdoo will speak tonight, it was announced, at Long Beach and in Los Angeles Friday night. William K. Pearson, Democratic candidate for the senate, will speak from the same platform, the announcement said.

Believe Johnson Safe Despite McAdoo's entry into the campaign and the admittedly increased interest in Pearson's candidacy, however, Johnson's friends said they could not feel that he was seriously menaced and the main interest in the campaign continued to center on the Richardson-Woolwine race for the governorship.

Headquarters of both Richardson and Woolwine here gave out statements claiming victory in Southern California.

Richardson's headquarters announced receipt of a telegram from F. F. Merriam, of Long Beach, Richardson's southern manager, saying the Republican candidate would carry Southern California by 115,000.

Frank M. Silva, Woolwine's manager, claimed receipt of numerous telegrams from the south assuring him Woolwine would win south of the Tehachapi.

Admits Thorough "Wetness" The Democratic candidate sent a telegram to his headquarters here denying that he is "wet" in northern California but modifies his "wine and Woolwine" slogan when he crosses the mountains into Southern California.

Richardson began working his way northward again today, his itinerary leading him out of Southern California being by way of Santa Barbara, Visalia, Hanford and Bakersfield.

FLYERS MAY START ON NON-STOP TRIP TO N. Y. SATURDAY

SAN DIEGO, Nov. 1.—Hope that weather conditions would permit them to start for New York on a non-stop flight by Friday or Saturday morning was expressed today by Lieut. John A. MacReady and Oakley Kelley, army aviators, who have been waiting for several weeks for a favorable opportunity.

The same Liberty engine which kept the two aviators in the air here October 5 and 6 for more than thirty-five hours will be used in this attempt.

The aviators must be on the wing not later than Sunday evening to take full advantage of the moon. They plan to start as soon as the district between Tucuman, N. M., and St. Louis is free from a storm which is reported to be lashing that part of the air route across the continent.

PLACENTIA ROW WRIT HEARING DUE DESPITE WORD ON LAW RULING

Because of legal complications involved in the Placentia incorporation election controversy, hearing on the writ of mandamus filed by George Holmes and A. Ipsen against the board of supervisors, to compel an election, will be carried out in Superior Judge Z. B. West's superior court Friday at 10 a. m., despite the fact that District Attorney A. P. Nelson had cited a superior court judgment, showing a call for such an election to be mandatory on the board.

Nelson declared that a situation similar to that which developed here, had occurred in Ventura county, where it had been held that the supervisors had no alternative but to call an election.

November 21 was considered as the most likely date for the election. The supervisors last week denied a resolution calling for an election to settle the incorporation matter because the petition was said to have shown a majority in opposition.

CHAMP PLANS EUROPE TRIP AFTER JANUARY

NEW YORK, Nov. 1.—If Jack Dempsey does not get some work before January he is going over to Europe again, Ban McKettrick, his New York representative, says. He has been offered \$125,000 to meet Battling Siki in London and \$250,000 to meet Harry Wills.

YALE INVITES IOWA TO NEW GRID FRACAS

NEW HAVEN, Conn., Nov. 1.—Yale has invited the University of Iowa to play another football game in the Bowl next fall. "We are very anxious to meet Iowa again and we hope they will be able to accept," Professor C. W. Mendell, chairman of the athletic board, said.

LUZERUS AT HELM KANSAS CITY, Mo., Nov. 1.—Fred Luderus will manage the Oklahoma City team in the West-ern league next year, John Holland of Oklahoma City announced here.

Unusual special offerings of trimmed Hats for women.

DRIVER CITED FOR ALLEGED AUTO TRICK

H. A. Everett, truck driver for the Santa Ana Soda works, made two mistakes, police asserted today.

He will appear before City Recorder W. F. Heathman November 8, to answer charges of reckless driving.

Driving north on Main street between Fifth and Sixth streets, he attempted to play a Halloween prank with his light truck, the police declared.

A group of children, on the curb at the northeast corner of Sixth and Main streets, attracted Everett's attention, and attempted to scare them, he swerved his truck to the left side of the street, heading straight for them, officials said.

Approaching from the rear was a police automobile, bearing the shotgun squad, which had been out on another matter. The driver, Acting Chief Joseph Ryan, believing that Everett intended to continue to his left along West Sixth street, started to pass him.

Then, it was declared, Everett made the second mistake—that of trying to cut in on the police car. Only extraordinary driving averted a collision, according to witnesses.

Commanded to stop, Everett failed to do so, it was declared, and was captured only after a chase which led through several dark streets.

Officer H. D. Jaynes, who was a member of the shotgun squad, made the arrest.

Costume Party Enjoyed at Utt Home

The home of the C. E. Utts was given over to the Art-class Club of the Tustin Union High school, Saturday night, when the members of the club held a costume Halloween party.

Much entertainment was given in games and tricks and the usual Halloween antics dear to the hearts of young people and a sumptuous supper was served. The guests were all in costume, and were as follows: Mrs. Helen G. Willing was garbed as a charming French girl; Marjorie Stanley, Pierrette; Ida Thorman, black and orange fancy costume; Lulu Ross, yama yama girl; Maule Culver, motion picture maid; John Page, yama yama man; Clarence Bowman, a hick; Ruth Brown, farmerette; Charlene Swartz and Mae Swartz, two old maids; Florence Boosey, Pierrot; Edith Binard, black and orange fancy dress; Kathleen Ahern, Dutch girl; and Willa Smith, Spanish costume.

Berean Class Enjoys Hallowe'en Social

Members of the Berean class of the First Presbyterian church, their teacher, A. E. Wastell, and a few friends, numbering in all about eighty, held a jolly Hallowe'en social Friday night in the large dining room of the church.

With black cats, bats, owls and pumpkin faces, and the pillars of the room wound in Hallowe'en colors, the room presented an admirable picture. Several hunters peeping around a shock of corn, aiming their guns at a large bear made the scene very realistic indeed. Large bouquets of chrysanthemums and dahlias filled every available corner.

The guests were met at the door by ghostly figures who handed them sections of black cats, bats or pumpkins, and these were fitted together to determine partners for dinner.

The dinner, served at 6:30 o'clock, consisted of fables pie and other dishes appropriate to the snappy weather. Mrs. J. C. Winans and her corps of helpers were given a hearty vote of thanks for the success of the dinner.

After a short business meeting, Miss Lucile Miller entertained with two whistling solos that were much enjoyed. Mrs. J. C. Winans and her corps of helpers were given a hearty vote of thanks for the success of the dinner.

Following this many games were played in which all dignity was laid aside and everyone entered into the spirit of Hallowe'en.

Correction for Veteran Rebekah Meeting Date

The announcement of the all-day meeting of the Veteran Rebekahs to be held at the home of Mrs. Rose, the Stovall apartments, was scheduled in yesterday's social calendar for Nov. 1st. It should have been dated Nov. 3rd.

Fraternal Brotherhood Plans Pillowcase Party

Fraternal Brotherhood lodge will give a sheet and pillowcase party tomorrow night in Modern Woodman Hall. All members are invited to be present.

D. A. R. to Hold November Meeting

Daughters of the American Revolution are looking eagerly forward to their November meeting which is to be held Saturday, Nov. 4, at 2:30 p. m. at the home of Mrs. A. J. Crookshank in Tustin. The speaker for the meeting, will be Mrs. M. M. Maybury, regent of the Eschscholtzia chapter in Los Angeles. An unusually good musical program will be given by Gail Mills Dimmitt, vocalist, and Mrs. Roundtree, accompanist, both of Los Angeles.

W. C. T. U. Special Called Meeting

There will be a special all-day work meeting of the W. C. T. U. held Friday, Nov. 3, at the home of Mrs. W. H. Thomas, 425 West First street. The ladies are requested to bring lunch and any old clothes that can be made into garments for the infant box.

Altar Society to Meet

Members of the Altar society of St. Joseph's Catholic church and ladies of the parish, particularly those who have recently come into the parish, will be entertained tomorrow afternoon at 2:30 o'clock by Mmes. George W. Young, Horace Fine and Olive Lopez, at the home of Mrs. Young, 1515 North Main street. Hallowe'en refreshments will be served.

Personals

Mrs. Thomas Walker, 1109 West Fourth street, has started on a six weeks' trip that will take her to the home of her sister in Chicago and the home of her sister-in-law in Cincinnati.

Mr. and Mrs. M. H. Overholser are moving from 715 West Sixth street, to their home at 408 Tenth street, Huntington Beach.

Two Celebrate Their 16th Birthdays

A number of the friends of Louis Napier called unexpectedly last evening at his home, 215 South Broadway, where a surprise birthday dinner was given for him in celebration of his sixteenth birthday.

Hallowe'en decorations, and a large birthday cake with sixteen candles, presented by Mrs. John Cannon, were prominent features of the evening.

Later, the honor guest and his friends went to the Clyde W. Case home, where the sixteenth birthday of Miss Lia Biggs was being celebrated, joining in the games in progress there.

Guests of Louis Napier were Trueman Basham, Loren Cannon, Lyle Roberts and Jack Langley.

In addition to those Napier and his guests, those attending Miss Biggs' party were Misses Della Phillips, Phyllis Beatty, Virginia Slabaugh and Dessa Sherwood.

Social Calendar

November 1—All-day meeting Ladies' Guild, Episcopal church; hot noon luncheon.

November 1—Woman's society of First Baptist church; noon lunch, all-day meeting, business and missionary program in afternoon; begins at 10 a. m.

November 10—Meeting Northeast section of the Aid of First M. E. church; home of Miss Ida Mitchell.

November 10—Junior college vaudeville show, high school auditorium.

James noonday lunches.

Gay Hallowe'en Party at Marsile Home

Ghosts, goblins and many of the other characters of Hallowe'en were entertained last evening at the Raymond Marsile home, Seventeenth and Tustin, by Mr. and Mrs. Marsile and Mr. and Mrs. Horace Snow.

The cozy home had been prettily decorated for the occasion. Hallowe'en colors, Jack-o'-lanterns and cornstalks being used. The guests and hosts were all in costume.

Old-fashioned games, including card games, were pleasant diversions of the pretty affair, after which refreshments of salad, chicken patties, little individual pumpkin pies and cider were served at the card tables. Toasting marshmallows over Hallowe'en candles was an added attraction.

Invited guests included Mr. and Mrs. Martin Biggs of Long Beach, Mr. and Mrs. George Nelson, Miss Marguerite Williams and Jack Poole of Los Angeles, Mr. and Mrs. Wm. Maag, and Mr. and Mrs. Anthony Adams, of Anaheim; Messrs. and Mmes. Ernest Winbiger, William Swarthout, Oscar Carothers, Pete Fluor and Coleman Hargett, of this city.

Miss Whitney Honored At Birthday Party

Miss Justine Whitney, county recorder, was joyously surprised on the occasion of her birthday, when the girls of her office called unexpectedly at her home, 1217 Lucy street, Monday evening to help her celebrate.

Music and informal pastimes enjoyably passed the time, after which delicious refreshments were served.

Those present beside the honoree were Marguerite Galbraith, Ruby Cameron, Jessie Campbell, Verga Trumble, Ruth Crosby, Hattie Powers, Edith Schanell, Mona Adams, Lillian Lykke, and three who are not employed in Miss Whitney's office, Nora Lykke, Mildred Smith and Mrs. Herman Zabel.

Kiddies Frolic At Gay Party

Friends of Juanita Decker and Ora Decker's little boys' class of the Congregational church, were delightfully entertained at the C. E. Decker home at 410 South Broadway yesterday afternoon, with a Hallowe'en party.

Informal games, bobbing for apples and trying to bite apples on strings, were gay pastimes for the little folks who were all in ghost costumes.

Pumpkin pie, cider, candy, animal cookies and ghost stories all contributed their part in the delights of the day.

section of the Aid of First M. E. church; home of Miss Ida Mitchell.

November 10—Junior college vaudeville show, high school auditorium.

James noonday lunches.

American Legion Dance Is Great Success

Jack-o'-lanterns, cornstalks and all the Hallowe'en fixings were in evidence last evening in the Army hall, when the American Legion auxiliary entertained with a Rube dancing party for the American Legion boys.

The affair certainly lived up to the promise made on the invitations, that it would be the peppiest party ever attended.

Miss Lillian Lykke and Carl Edgar were winners of the prize waltz.

All Souls' Day Party Given for Young People

A merry group of young people met at the home of Miss Laurence Sauers for a Hallowe'en party Saturday night. All were dressed as yama yamas to look as ghostlike as possible. The assembled guests were led to an abandoned house nearby on First street, that had been dimly lighted and equipped for the pranks and games of the evening by the chaperons, Mrs. Forney and Mrs. Morris, who dressed as ghosts, welcomed the young people into the dimly-lighted interior. Fortunes were told by witches, games of forfeits, and after a prize peanut hunt in a haystack the young people returned to the Sauers home where more games were in order before the refreshments of cider and pumpkin pies were served.

The names of those at this party were Exene Smith, Raymond Fisher, Franklin Holbrook, Thelma Artz, Theron Sauers, Marguerite Smith, Roy Kuyken, Thelma Nordstrom, Lyle Forney, Helene Smith, Cecil Sudaby, Lucille Newcome, Foster Prather and Laurence Sauers.

A Banquet That Was Almost a Tragedy

"Three years ago at a banquet I was stricken with acute indigestion. Two doctors worked over me for an hour before I came to. I had had severe colic attacks before, but nothing like that. No doctors or medicine gave me permanent help until a friend, who was at the banquet, advised me to take a course of Mayr's Wonderful Remedy, which I did with wonderful results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Let us lay away that tea set now. It is just the thing she expects for her Christmas and they are going fast. 25 sets to select from. Gift Gift & Art Shop.

POLY SCRIMMAGES FOR ORANGE FRAY

Morrison's Men Look Good In Hard Workout With Hollywood Team

With but a few days remaining for practice before the team mixes with Orange high school here next Saturday, Coach Marvin Morrison sent his Santa Ana high school football squad through its best and hardest workout of the season with the Hollywood high team there yesterday afternoon.

Every man on the local first string squad got in the game and their showing encouraged Morrison. The Poly coach started his substitutes against the Hollywood first team. The movie city outfit scored once in the first quarter. Santa Ana tied it up in the second period with a majority of the first stringers in the lineup.

After a rest, Ray Call, Hollywood mentor, and Morrison put their charges at it again in a scrimmage. One team took the ball for about ten minutes and then the other. The coaches stood behind the lines and watched their men work. Poly scored several times during this melee.

Sheets, who has been playing at tackle all season, may become a guard as a result of the workout. Hollywood had a charging line and for a time swept the local men down the field. Sheets was shifted to guard and he stopped the rush.

Otto Gardner, end, showed up especially well. He caught several bullet passes from Earl Jabs and ran across the line with them.

Manley Natland, erstwhile second team half, has been the sensation to date in Poly's 1922 grid season.

A month ago Natland was doing his stuff on Bill Cole's second stringers. He showed so much class that he was allowed to park his gray jersey, put on a blue sweater and become a member of Morrison's first string squad. His work against Hollywood last night was of high class order. Several times he broke away for ten and fifteen yard runs. Many who watched the practice ventured the guess that Natland may start against Orange at one of the half-back positions.

Kirmsey, Stark, Wood and Linzenbard, other first string substitutes, showed remarkable improvement in their work during the Hollywood skirmish. Stark, who is a brother of Newt Stark, last year star Poly end and now playing that position with the U. S. C. freshmen, has been reporting for practice from the Junior high school where he is a ninth grader. He looms as a valuable addition to the team.

"Shorty" Smith's Fullerton eleven, fresh from its 12 to 0 victory over Whittier high school, has been taking practice comparatively easy this week. Fullerton meets Anaheim Saturday and this game should not give the Oil Drillers much trouble.

PESZK VS. DAVISOURT
KANSAS CITY, Mo., Nov. 1.—John Peszk, Nebraska wrestler, will open the main season here tomorrow night when he meets Nick Davisour.

Five Varsity Captains Help Notre Dame Win Football Victories

One reason for the remarkable success of the Notre Dame football team is the versatility of the men with whom Coach Rockne experiments. On the squad of 1922, for instance, are found the captains of the five important athletic teams of the university.

Captain Carberry, left end, is the captain of the captains, because he captains the grid-iron eleven.

Paul Castner, fullback and All-America prospect because of his running, passing, punting and drop-kicking ability, is captain of the baseball team.

Last year he pitched a no-hit, no-run victory over Purdue and shut out Michigan, 5 to 0. He captained the hockey team for two seasons.

Gus Desch, right halfback, whose running against Rutgers was a sensation at the Polo Grounds last year, is captain of the track team. He is of the world's champion in the 440-yard low hurdles and 40-yard low hurdles and was a member of the 1920 Olympic team of the United States.

Mickey Kane, candidate for left halfback, who featured the opening game with a 50-yard run through the Kalamazoo team, is basketball captain and third baseman on the basketball team.

Both Kane and Castner were approached by big league scouts after the end of the 1921 baseball season, but each passed up the professional game for one more year in college.

Neil Flinn, who stepped into the right guard position when Eddie Desree had a shoulder torn, captained the hockey team which won the undisputed western college title last year.

FIGHT RESULTS

NEW YORK, Nov. 1.—Floyd Johnson, Pacific Coast heavyweight, knocked out Joe Vidas, Newark, in the second round.

PORTLAND, Maine, Nov. 1.—Earl Baird, Seattle, won from Johnny Brown in the sixth round when Brown retired with a sprained thumb.

BOSTON, Nov. 1.—Mickey Travers, New Haven, won the decision from "Chuck" Suggs, Newport, in ten rounds.

NEW ORLEANS, Nov. 1.—Young Denny knocked out K. O. Loughlin, Philadelphia, in the 12th round.

LOS ANGELES, Nov. 1.—Danny Kramer won the decision from Young Brown in the main event at Vernon last night.

SELL ALL \$3 SEATS TO CARD-BEAR GAME

STANFORD UNIVERSITY, Cal., Nov. 1.—All Stanford \$3.00 seats in the stadium for the California-Stanford game have been sold, it was announced today. The seat sale so far has been conducted wholly among alumni. A public sale will be held after November 11. There will be only \$4.00 and \$5.00 seats open to the public.

QUIGLEY WINS TITLE AS BUSIEST REFEREE

UMPIRE ERNEST QUIGLEY

Ernest C. Quigley of St. Mary's, Kas., just about takes first place among the busy sport officials of the country.

Any man who officiates in more athletic events than Quigley would pretty near have to work in the mornings to do it. Quigley is known to the base-ball fans from one end of the country to the other as a National League umpire. In this capacity he ranks with the best in his league.

Although not one of the real old-timers among major league umpires Quigley has officiated in the world series three times.

Officials in All Sports
Once the National League curtain is rung down in the fall Quigley immediately turns to football, a game on the rules of which he is one of the leading authorities in the country. And when the football season ends he takes up basketball, officiating almost nightly until the next baseball season opens.

Last fall after working through out the National league baseball season and in the world series Quigley officiated in about 20 football games and then followed that up by refereeing 76 basketball games.

This fall he is booked up for 26 football games and had to turn down at least as many more.

Will Referee Big Games
He refereed the Harvard-Centre game at Cambridge Oct. 21 and is scheduled to act as umpire of this year's Yale-Harvard game at New Haven, Nov. 25. The rest of his officiating will be done in the west and southwest, Quigley preferring to stay as close to his home as possible.

Among his basketball bookings for 1922-23 are 49 games in the Missouri Valley Conference. Quigley's income from officiating in games probably exceeds that of any other man in the country in a like capacity. He demands and receives a rather stiff fee for all the college games he works in, but since capable officials in football and basketball are rather rare he has no trouble getting his price.

Despite all this officiating he finds time for other things. Towards the close of the 1922 National league race he obtained a leave of absence for a week to rush home and oversee the harvesting of the wheat crop on his farm in Kansas.

"High Class Toyland—Hawleys."
James noonday lunches.

Poly Student Body Is \$1700 In Debt as Expenses Cut Profits

The Santa Ana high school student body is broke. Not only broke but \$1700 in debt. The huge sum that Poly's championship grid squad made for the school last year has been wiped out.

The outlook, however, is hopeful and student body officials figure that the coming football games will fill the coffers and give the institution a nice sum to work on for the rest of the year.

The football team took in approximately \$10,000 last season. Necessary expenses during the season cut that in half. Transportation expenses alone totaled \$1500.

Approximately \$4,000 was spent late in the year in making Poly field one of the best high school sport grounds on the Pacific Coast. The purchase of a great amount of football equipment for the present team put the student body in debt. Other necessities have put the deficit at \$1700.

With the rest of the league football games scheduled to be played here, this debt will be made up, it was believed. A large crowd is expected at the Orange affair here Saturday. When the Fullerton and Poly teams mingle again the receipts will be divided fifty-fifty. This, it was believed, will give Santa Ana close to \$2,000.

DENIES 21 GIANTS BELONG TO UNION

NEW YORK, Nov. 1.—With the charge that the baseball players' union was trying to use John McGraw's name to boost its organization, James Tierney of the Giants denied the story that twenty-one of the world's champions had joined the organization and that McGraw had approved it.

"Every player on the Giants with the exception of a few young utility players has joined the union. Does Mr. Tierney want a list of his own players who have joined? We think not. Surely an official in close touch with his players could not help but be aware of it," was the answer given by Raymond J. Cannon, Milwaukee attorney, who has directed the organization of the union.

McGraw was out of town but one of his close friends said he had never expressed an opinion for or against the union, but that he did say "if the players enrolled it was their own business and did not need my approval."

While none of his players are enrolled, the American league not yet being organized, Colonel Huston, half owner of the Yankees, remarked that he could not see what the union could do that would make things worse for the club owners. He would not express an opinion, however, until he knew what players were in the organization, for what their purposes are and how they figure on accomplishing them.

It is probable that the union will elect officers within a short time when the president or a committee will send to the club owners at

MAIN EVENTERS ON EDGE FOR BATTLE

Tom Kelly, Kid Mexico End Training Siege; Gatten, Lee Await Gong

DELHI CARD.

Main Event—Kid Mexico vs. Tom Kelly, 158 pounds.
Semi-windup—Henry Gatten vs. Harry Lee, 155 pounds.
Preliminaries—Bobby Stone-wall vs. Kid Tex, 145 pounds.
Al Fredericks vs. Young Allison, 138 pounds.
Young Hooker vs. Toby Montoya, 118 pounds.
Joe Leahy vs. Tommy German, 110 pounds.

With their training siege completed and with a match against Leo Matlock at stake, Kid Mexico, Huntington Beach middleweight, and Tom Kelly, former coast amateur title holder in that class, will mix in the main event at Boyd Ellis' Delhi arena tonight.

The word from the rival camps was that both men were confident of victory. A defeat will mean a real setback to both of the scrappers. A decision for either man will bring him into action in another clash with Matlock who got a verdict over Mexico two weeks ago.

The Huntington Beach boy has worked hard for the fight. He claims that when he fought Matlock he wasn't right. He couldn't get to going, he said. For that reason the blonde slugger has spent the last week in extended workouts with the best boxers he could muster.

Fans Like Kelly.
Kelly, whose appearance here marked him as a speedy, clever fighter will probably offer the bugs all the excitement that they crave. He has the knack of hitting and getting away before the other fellow can retaliate. It was that ability that gave him a well earned decision over Jack Iman at Delhi a couple of months ago.

With all due respect to the battling prowess of both men, it will be the semi-windup tonight that will bring as many ring-siders to the arena as any of the six bouts on the card.

Henry Gatten, Santa Ana boy, is what some of the fight fans term as an in and out. Sometimes he looks like a million and the next time he doesn't look nearly so good. But when he lands with that wicked right of his he most generally is good. The scrap doesn't last much after that.

Gatten, Lee Ready.
When he takes on Harry Lee, the Huntington Beach lifeguard, he figures to make that right and his ring experience stand him in good stead. Lee has had just four bouts in his career. He lost his first to Gatten via the L. O. route. Since that torrid night he has improved wonderfully. He is very fast for such a big fellow and carries a mean wallop himself.

Their December or January meetings to explain their reasons for organizing and to ask for co-operation if the club owners do not care to recognize them.

James noonday lunches.
Second hand bikes. Geo. Post.

(Continued from Our Last Issue)

CHAPTER II

Guided by Quintana's directions, the three had made a wide detour to the east, steering by compass the cross-roads beyond Star Pond.

In a dense growth of cedars, on a little ridge traversing wet land, Quintana halted to listen. Sard and Sanchez, supposing him to be at their heels, continued on, pushing their way blindly through the cedars, clinging to the back ridge in terror of sink-holes. But their progress was very slow; and they were still in sight, fighting a painful path amid the evergreens, when Quintana suddenly squatted close to the moist earth behind a juniper bush.

At first, except for the thrashing of Sard and Sanchez through the massed obstructions ahead, there was not a sound in the woods.

But, presently, came a soft, swift rhythm like the pace of a forest creature in haste—a discreetly hurrying tread which was more a series of light earth-shocks than sound.

Quintana, crouching on one knee, lifted his pistol. He already felt the slight vibration of the ground on the hard ridge. The cedars were moving just beyond him now. He waited until, through the parted foliage, a face appeared.

The loud report of his pistol struck Sard with the horror of paralysis. Sanchez, faced about with one spring, a weapon in either hand.

In the terrible silence they could hear something heavy floundering in the bushes, choking, moaning, thudding on the ground. Sanchez began to creep back; Sard more dead than alive, crawled at his heels.

Presently they saw Quintana, waist-deep in juniper, looking down at something. And when they drew closer they saw Georgiades lying on his back under a cedar, the whole front of his shirt from chest to belly a sopping mess of blood.

There seemed no need of explanation. The dead Greek lay there where he had not been expected, and his two pistols lay beside him where they had fallen.

Sanchez looked stealthily at Quintana, who said softly: "Bien sure. . . In his left side pocket, I believe."

Sanchez laid a cool hand on the dead man's heart, then, satisfied, rummaged until he found Georgiades' share of the loot.

Sard, hurriedly displaying a pair of clean but shaky hands, made the division.

When the three men had silently pocketed what was allotted to each, Quintana pushed curiously at the dead man with the toe of his shoe.

"Peste!" he remarked. "I had placed, for security, a very large diamond in my pistol barrel. Now it is within the interior of this gentleman. . . He turned to Sanchez: I sell him to you. One sapphire. Yes?"

Sanchez shook his head with a slight sneer: "We wait—it is your want your diamond, mon capitaine."

Quintana hesitated, then made a grimace and shook his head. "No," he said, "he has swallowed. Let him digest. Allons! March!"

But after they had gone on two hundred yards, perhaps—Sanchez stopped.

"Wait," inquired Quintana. Then, with a sneer, "I now recollect that you have been a butcher in Madrid. . . Suit your tas, I am Sanchez."

Sard gazed at Sanchez out of sickened eyes. "You keep away from me until you've washed yourself," he burst out, "revilited. Don't you come near me till you're clean!"

Quintana laughed and seated himself, Sanchez, with a hanging glance at him, turned and sneaked back on the trail they had traversed. Before he was out of sight Sard saw him fish out a Spanish knife from his hip pocket and unclasp it.

Sanchez made no effort to find them. They had been gone half an hour before he had finished the useless task that had turned him back.

As he stood there, examining his clothing, and washing what he could of the ominous stains from sleeve and shoe, very far away to the north he heard a curious noise—a far, faint sound such as he never before had heard.

If it were a voice of any sort there was nothing human about it. . . Probably some sort of unknown bird. . . Perhaps a bird of prey. . . That was natural, considering the attraction that Georgiades would have for such creatures. . . If it were a bird it must be a large one, he thought. . . Because there was a certain volume to the cry. . . Perhaps it was a beast, after all. . . Some unknown beast of the forest. . .

Sanchez was suddenly afraid. Scarcely knowing what he was doing he began to run along the edge of the bog. . .

He was tired, or thought he was, but the alarming sounds were filling his ears now; the entire forest seemed full of them, echoing in all directions, coming in upon him from everywhere, so that he knew not in which direction to run.

The next instant he fell headlong over a ledge, struck water, felt himself whirled around in the icy, rushing current, rolled over, tumbled through rapids, blinded, deafened, choked, swept helplessly in a vast green wall of water toward something that thundered in his brain an instant, then dashed it into roaring chaos.

Half a mile down the turbulent outlet of Star Pond—where a great sheet of water pours thirty feet into the tossing foam below—and spinning, dipping, diving, bobbing up like a lost log after the drive, the body of Senor Sanchez dived all alone in the wilderness, spilling from soggy pockets diamonds, sapphires, rubies, emeralds, into crystal waves where only the shadows of slim trout stirred.

Very far away to the eastward

Quintana stood listening, clutching his one sleeve to silence him.

Pretty he said: "My friend, some is hunting with hounds in there!"

"Do leave me!" gasped the terrified diamond broker. "I don't know where to go!"

Quintana faced him abruptly—with a terrifying smile and glimmer white teeth—and shoved a pistol to the fold of fat beneath his double chin: "Yecar those dogs? Yes? Ver'li; I also. Run, now. I say you run ver' damn quick. He! up! Allez vous en! Beat, cet!"

Henck Sard a stinging blow on fleshy ear with a pistol barrel and Sard gave a muffled shriek which was more like the squeak of a frightened animal.

"Mod, Quintana—" he sobbed. Then Quintana's eyes blazed under: and Sard turned and a lumbering through the thick like a stamped-out ox, crash on amid withered brake, whitish scrub and briar, not knowing whether he was headed, crazed or not.

Sard could not run very far. He stood scarcely when he pulled and clung to the trunk of a tree.

Moaned then alive he embraced the tree, gulping horribly for a every fat-incrusted organ labor, his senses swimming.

Now, directly ahead, he saw a gray sky low through the trees. The wood's edge!

He ran.

As he emerged from the edge of the woods, waist-deep in brush and yds, wide before his bloodshot eyes spread Star Pond.

Even in his half-stupefied brain there was memory enough left for recognition.

He remembered the lake. His gaze veiled to the westward; he saw Clinch's Dump standing by, stark, silent, the doors swinging open in the wind.

Another a long while he ventured waddle nearer, sinking through brush and frosted weed, creeps behind boulders, edging away closer to that silent house where nothing moved except the wind-blown door.

And now, at last, he set a tentative foot upon the threshold, tipped, peered over and there, sidled to the dining-room, peered in.

When, at length, Emanuel Sard discovered that Clinch's Dump was thatless, he made straight for the pantry. Here was cheese, crackers, an apple pie, half a dozen bottles of home-brewed beer.

He padded his arms with all they could carry, stole through the dace-hall out to the veranda, which overlooked the lake.

And here Sard slaked his raging thirst and satiated the gnawing appetite of the obese, than which there is no crueler torment to an inert liver and distended paunch.

Murking, guzzling, watching, Sard quanted just within the veranda doorway, anxiously considering his chances.

In all that panorama of forest, swale and water the only thing that alarmed him at all by moving was something in the water. When first he noticed it he almost swooned, for he took it to be a swimming dog.

In his agitation he had risen to his feet; and then the swimming creature almost frightened Sard out of his senses, for it tilted suddenly and went down with a report like the crack of a pistol.

His dimly remembered hearing that beavers behaved that way. Watching the water he saw the thing out there in the lake again swimming in erratic circles, its big, dog-like head well out of the water.

It certainly was no dog. A beaver, maybe. Whatever it was, Sard didn't care any longer.

Shivering, Sard filled his mouth with apple-pie and cheese, and pulled the cork from another bottle of home-brewed beer.

Concerning Price—

It is no trick for the man of unlimited means to dress attractively. Any one can attire himself smartly if price is no object.

With us price is an object.

We believe it much more difficult and certainly it is much more commendable to be fashionably attired on the expenditure of a moderate amount.

Come in and look over our stock of Suits and Overcoats. You'll be agreeably surprised at the amount of clothing we carry. We venture to say there is not a more complete line in Santa Ana.

Stocks, Markets and Financial News

WALL ST. JOURNAL FINANCIAL REVIEW

Market Closes Irregular as Street Looks for End of Decline

NEW YORK, Nov. 1.—In the opinion of many experienced students, today's session marked the final stages of putting a speculative house in order following undue enhancement of values earlier in the month when the stock dividend fever was rampant.

Prices broke to new low levels on reaction during the first few hours but every indication was present that important financial interests were taking advantage of concessions to accumulate stocks. Steel Common's example in declining to a record low price on the current movement, was followed by nearly all the leading industrial and most of the representative rails.

But the important financial interests were not inclined to grow weary with the industrial average down more than seven points from its record high and the business situation showing steady improvement.

The market closed irregular. Closing prices included: U. S. Steel 104 1-8, off 1-4; Mexican Petroleum 220, off 2; Texas Company 48 5-8, off 1-8; Standard Oil 124 7-8, up 1-8; Corn Products 125 1-4, up 3-4; American Can 74 1-8, up 1-4; American Woolen 97 1-8, up 3-4; Retail Stores 79 1-8, off 1-8; Anco 47 1-4, up 1-4; N. Y. Central 87, off 1-8; Southern Pacific 91 1-4, off 1-8.

Tennis, large assortment. Hawley's Night school-Or. Co. Bus. College.

HEART TO HEART TALK

NUMBER TWO

We told you yesterday that we would give you an outline of the business of the INDUSTRIAL FINANCE & MORTGAGE CORPORATION, and while it is impossible to explain every operation and every detail, the following will show you how SAFE and how PROFITABLE it is.

The Corporation is engaged in what is known as "Discount Banking." It loans money ONLY to responsible Dealers and Manufacturers; the money is loaned on Motor Trucks and Commercial Cars and the Corporation demands and receives perfect security for its money. Every loan is guaranteed by responsible people—there is no danger of loss. The security has been accepted by one of the largest banks in Los Angeles for over five years with no losses.

Due to an unusual arrangement enjoyed by few Finance Companies, this Corporation has more business than it can handle at rates of interest which are very attractive. Therefore, handsome profits are guaranteed in advance.

NOTHING NEW ABOUT IT.

Finance Companies have been in operation all over the United States for over 30 years. Their success has been remarkable—their profits have been BIG. We have records and history of many of them which we will be glad to show you.

A Los Angeles Finance Company which started three years ago owns one of the largest buildings in Los Angeles. Many of you have heard of it and its wonderful record of profits. You cannot buy stock in this Company without paying more than ten times what it cost three years ago, and its yearly dividends are enormous.

In fact, Finance Companies in general are paying very large dividends. The business has come to be recognized as one of the safest, as well as one of the most profitable, in existence.

The Industrial Finance & Mortgage Corporation has advantages over many of them; it has the right man at the head of it; an Orange County Banker who knows—or knows of—the Advisory Council; the Corporation is on a dividend basis NOW, and we are confident every investor will receive from 20 to 30 per cent per year on his investment—WITHOUT RISK. In our opinion, it is safer than mortgages.

We ask you to investigate us—investigate this unusual opportunity. We know you will appreciate it. Let us go into the details with you. Cost you nothing to know all about it.

Remember—Money Loaned—Never Spent.

Send for our free booklet.

C. E. SHURTLEFF COMPANY

210-212 Commercial Bldg., Long Beach
Fiscal Agents for INDUSTRIAL FINANCE & MORTGAGE CORPORATION

Butter, Eggs, Poultry

LOS ANGELES, Nov. 1.—Butter, 51c.
Eggs, 58¢ case count, 55¢ pullets, 45¢.
Hens, 24 to 30; broilers, 36¢.
Ducklings, 22 to 24; old ducks, 20¢.
Young tom turkeys 33 to 38¢; hens, 32 to 37; old toms, 31 to 36¢; small hens, 15¢.
Hares, 11 to 17¢.

PRICES ARE STEADY ON L. A. MARKETS

(United Press Leased Wire)
LOS ANGELES, Nov. 1.—Trading today was quiet but prices held steady and supplies were generally liberal in all lines.

Grapes are selling well but arrivals showing poor quality are selling at a discount.

Pears are firmer and are showing better condition. Apple receipts are heavy and mostly going to storage for later consumption.

Local vegetables are generally in liberal supply and selling at unchanged levels.

Beans, San Pedro 1-2c. Bunched vegetables, per dozen bunches—Beets, carrots, parsnips and turnips 30¢; onions, parsley and radishes 15 cents; spinach 25¢.

Celery 25¢/30¢.
Grapefruit, Arizona, \$5.50.
Lemons, 80¢/100¢.
Lettuce, local, 25¢/30¢.
Onions, Stocktons, 20¢/22¢.
Local, 60¢/75¢.

Potatoes, Valencia 100¢/110¢.
Orange, northern Rivers 160¢/175¢.
Sweet 2¢/3¢.
Tomatoes, San Pedro, 100¢/125¢.
Watermelons, 50¢/100¢.

BEGIN EXPORTS OF CALIF. APPLE CROP

(United Press Leased Wire)
SAN FRANCISCO, Nov. 1.—A limited export demand for apples is reported by local dealers. One car of Jonathans is being loaded on a ship for New Zealand, while a car of Newtown Pippins is loading for Manila.

Picking of navel oranges in the Tulare and Lindsay districts for exporting is just starting. Oranges for export are picked green in order that they may arrive in a sound, firm condition. It is estimated that approximately twenty cars of oranges will leave shortly for Manila, New Zealand and parts of Australia. Picking of navels for local use may begin about November 15.

The first summer squash from southern points was received on this market and is selling at \$1.50 per lug.

Berries were in moderate receipt but retailers were buying only in limited quantities. As a result blackberries, strawberries and raspberries were generally selling from 50 to 75 cents per drawer, while a few fancy crates of the latter were bringing slightly higher prices.

Bell peppers are much firmer on account of recent frosts and are selling at \$2.75 per lug. Green onions also sold higher at prices ranging from \$1.50 to \$2 per box.

Pigs were in more liberal supply and lower, selling from \$1.25 to \$1.50 per double layer crate.

Supplies light: Pineapples, grapefruit, oranges, lemons, plums, berries, peaches, artichokes, cabbage, spinach, peas, lettuce, beans, summer squash, cauliflower, rutabaga, canteloupes, corn, egg plants.

Supplies liberal: Bananas, figs, pears, apples, grapes, potatoes, cucumbers, tomatoes, peppers, celery.

CHANGE IN WEATHER SENDS WHEAT HIGHER

CHICAGO, Nov. 1.—Grain values were higher at the close of the Chicago board of trade today. Snow and wet weather in the Northwest and continued threat of a prolonged drought in sections of the Southwest winter wheat country were important factors in the advance.

Provisions closed higher.

Today's quotations:

WHEAT—113¢, 116¢, 119¢, 119½¢.

PRICES ON TURKEYS
BELOW 1921 LEVEL

SAN FRANCISCO, Nov. 1.—Thanksgiving turkeys went onto the San Francisco wholesale market today with prices considerably lower than a year ago.

Quotations were 35 to 45 cents a pound. November 1, 1921, the price was 52 to 64 cents.

James noonday lunches.

Citrus Market

NEW YORK, Nov. 1.—Seventeen cars of oranges and two cars of lemons, sold.

The market on best grade oranges was 25 higher for large sizes and from 10 to 15 lower on 216 size and smaller. Poor stock was weak. Averages ranged from 70 cents to \$10.37. Highest price paid for five boxes Troy, \$12.37.

Lemon market was strong, averaging from \$8 to \$11.25.

Weather fair; temperature, 8 a. m., 42°.

YESTERDAY'S PRICES

NEW YORK, Nov. 1.—18 cars of Valencia and no Orange county lemons sold yesterday. Valencia market decidedly lower.

STATE OPENS FIGHT
TO PROTECT CATTLE

SACRAMENTO, Nov. 1.—As a precaution against the introduction of cattle scab, reported prevalent in parts of Texas and New Mexico, the division of animal industry of the state department of agriculture has notified railroads not to accept cattle for delivery to California from several counties in that state, unless a special certificate of inspection is shown.

WOMAN SOUGHT IN BAD CHECK CASE JAILED

A wide search throughout Southern California for Mrs. E. T. Vos Burgh, 27, of Newport Beach, who disappeared under mysterious circumstances from her home October 1, last, and against whom a charge of issuing a no-fund check was subsequently placed here, came to an end at San Diego this afternoon when she was arrested at a hotel there, according to word received by Sheriff C. E. Jackson.

Deputy Sheriff Herman Zabel was scheduled to leave for the southern city late today to bring Mrs. Vos Burgh to Santa Ana.

According to information received by Sheriff Jackson, a man who left here in an automobile for San Diego with the intention of persuading Mrs. Vos Burgh to give herself up, met with an accident at La Jolla. San Diego authorities were holding this man, but he was not in actual custody, Jackson said.

Word received here was to the effect that Mrs. Vos Burgh was ill at the time she was arrested. Fears expressed following Mrs. Vos Burgh's disappearance from Newport that she might have drowned herself in Newport Bay were dissipated when it became known, authorities said, that she had been in Santa Ana.

Vos Burgh, an oil worker in the Huntington Beach fields, told the authorities that he vaguely remembered his wife kissing him good-bye as he lay asleep at 7 a. m. the day she disappeared. The wife also bade their four children an affectionate farewell, Vos Burgh said.

BLOOD TRANSFUSIONS
FAIL TO SAVE LIFE
OF ANAHEIM ROTARIAN

Despite repeated transfusion of blood, given by his fellow members of the Rotary club, death today at Anaheim, claimed George M. Ross, 43, secretary-manager of the Anaheim Walnut Growers association and member of the Orange County Realty company. Ross was a sufferer from anemia and rheumatism.

The funeral will be held Friday at 2 p. m. from the chapel of Backs, Terry and Campbell, Anaheim, with burial following in the Loma Vista cemetery. The Rev. Thomas H. Walker will have charge of the services.

Ross was a native of Kansas. At an early age he moved to Arizona, and from there came to Anaheim in 1903. He was a charter member of the Anaheim Rotary club, and also led activities of the local Kiwanis and Presbyterian church.

Beside his widow, Mr. Ross is survived by his parents, Mr. and Mrs. W. A. Ross, Anaheim; two brothers, Walter J. and Lloyd Ross, and one son, Donald.

YOUTH IS BRUISED
WHEN HIT BY AUTO

ANAHEIM, Nov. 1.—Death gave way to only a few severe bruises yesterday evening when Joseph Cortez, a Mexican lad, stepped from a car driven by L. J. Kelly in front of an approaching machine piloted by Henry Frazen, of Riverside, at the intersection of Brookhurst and Lincoln avenues.

Examination at the Anaheim hospital revealed that no bones had been broken, nor internal injuries resulted.

LECTURER WILL
APPEAR MONDAY

"All Aboard," a lecture dealing with the civic and national problems of America today, is to be delivered at the high school auditorium here Monday night at 8 o'clock by Elwood T. Bailey, a Redpath chautauque speaker, who will appear here under the auspices of the Junior high school teachers, it was announced today.

While Bailey is one of the ten persons who have been procured for a series of entertainments arranged for this winter by the Junior high school teachers, all the teachers in the city will be required to attend his lecture Monday night as a part of this season's institute, it was stated.

Bailey is described as an eloquent dynamic lecturer.

MRS. HARDING IMPROVING

WASHINGTON, Nov. 1.—Mrs. Harding has recovered from a slight relapse she suffered last week and her condition is progressing gradually. It was learned at the White House today. The temporary setback was due to a slight cold.

WHEN YOU CATCH COLD
RUB ON MUSTEROLE

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grand-mother's mustard plaster without the blister.

Musterole is a clean white ointment made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of all sorts. Seldom fails to deliver results. 35¢ and 65¢ jars and tubes; hospital size, \$3.00.

Better than a mustard plaster

'COBWEB SHACK' NOW MECCA FOR LOBSTERS AND FIREMEN'S RIG

LAGUNA BEACH, Nov. 1.—The erstwhile "Cobweb Shack" became the official home of the American Railway Express office today.

Carl Hofer, the agent in charge, reports business good and ranging in character from lobsters to firemen's ladders.

MAN KILLED AS TRUCK IS HIT BY TRAIN

A man believed to be W. A. Keralas, 438 Macy street, Los Angeles, was fatally injured at Bandini station, near Santa Fe Springs in southern Los Angeles county, today, when the truck he was driving was demolished by southbound Santa Fe passenger train No. 72 according to word received at the local Santa Fe station.

The man, whose body was badly mangled, died en route to a hospital at Rivera, it was stated.

He was identified from papers found in his pockets.

Coroner Nance of Los Angeles county is making an investigation.

THREE ARE CITED IN
SPEEDING CASES HERE

Three motorists, in complaints issued through the district attorney's office today, were cited for alleged speeding.

W. B. Guland, Ben Sideman, C. Monero and J. Van Every were charged with exceeding 35 miles an hour on the Irvine boulevard.

LIQUOR SALES CASE
TRIAL DATE FIXED

Charles and Mary Gilles will be tried by a jury in Justice J. B. Cox's court, January 11, 1923, at 10 a. m., it was decided today when they were arraigned on charges of manufacturing liquor.

Gilles, who fled when sheriff's officers raided his home in Placentia Monday night, saying, they claim, a quantity of beer and wine, gave himself up today, and was released under \$200 bail. His wife was also at liberty under surety.

ROUSING PARTY
ENDS LAGUNA
CLUB DRIVE

LAGUNA BEACH, Nov. 1.—The Laguna Beach Art association membership campaign culminated Monday night in a Halloween party for the new members.

The art gallery in which it was held was appropriately decorated with jack o'lantern pumpkins and green boughs. One hundred or more town people and artists took part in the merry-making.

Miss Anna A. Hills, president of the association, welcomed the new members with a few well chosen words, and incidentally remarked that all should stand back of an organization which helps to make Laguna Beach the "beach that is different." She also drew attention to the untiring efforts of Hiel Rider, the chairman of the

ALL H. B. IS OUT FOR HALLOWE'EN FROLIC

HUNTINGTON BEACH, Nov. 1.—Practically the entire population of Huntington Beach went "Hallowe'en" last evening.

At the Lions Masquerade at the Womans clubhouse about 50 couples gathered and enjoyed the old-time dances conducted by Lion Gus Hushman's orchestra of ten pieces. Everybody came masked. City Attorney L. W. Blodgett had an outfit that for originality was the best in the hall. He represented Father Time dressed in a gown of black cambric. He had painted

a white skull about 8 inches high, and sewed it on the front right breast, and on the back a large skull and cross bones. He carried a scythe and a skeleton about 3 feet high.

There were many other pretty suits, notably that of Lioness Louis F. Gates. She wore a white "Humpty Dumpty" outfit with black roses.

The barn dance was a scream of frolic. The witches were Mrs. John Farwell and Mrs. F. W. Rawley.

At the pavilion dance hall there was the largest crowd. The decorations were very pretty.

THE NEW HALL OF FAME OF CONCERT AND OPERATIC STARS

ELIZABETH
LENNOX

Contralto

Making History in the Musical World of Today

The changing musical situation must be considered when choosing phonographic music for homes where there are children.

Jenny Lind, Adelina Patti, Calve. Each generation has its own idols, its own Hall of Fame.

They come and they pass. The cultured people of each generation know them, and are on terms of intimacy with their art.

And with this generation there is a NEW Hall of Fame of concert and operatic stars—great artists of today, succeeding those of yesterday.

Chamlee, Lennox, Danise, Dux, Easton, Godowsky, Ney, Huberman, Theo. Karle, Pattiera, Rosen, Richard Strauss are among the names it embodies.

Are you giving your children the opportunity to know these artists—to become acquainted with their supreme attainments which inspired musical critics to acclaim them?

High musical authorities say their recordings are essential to modern musical education. You can hear them now, regardless which make phonograph you have. For all have chosen Brunswick as the most fitting means to perpetuate their art. And Brunswick Records play on any phonograph. We will be glad to give you a demonstration.

Member of the
Music Trades
Association of
Southern California.

DISTANCE RULE IS URGED ON TRUCK MEN

Declaring that the custom of truck drivers and teamsters operating their vehicles close together on the highways seriously impedes traffic on heavily traveled streets, the board of directors of the Santa Ana Chamber of Commerce, meeting here today, passed resolutions calling upon drivers to maintain a distance of 150 to 200 feet between such vehicles. Facilitation of traffic movement and minimizing of accidents is the object sought.

There is no law by which such distances can be enforced. The Chamber, it was stated, is appealing to the good spirit of the drivers to comply with the request. The Orange County Truckmen's association recently adopted a policy by which drivers of their trucks will maintain a distance of 150 feet between trucks.

The secretary was directed to write to the city council asking that a cypress tree in the parking in front of the new Washington school on North Main street, be removed, if feasible. The tree interferes with an ornamental light at that point.

Suggestions submitted at the dinner of Chamber members at St. Ann's Inn last Friday were submitted to the board. Three suggested that the organization get back of the movement for a new hospital.

Others were as follows: "If the city will put in a distributing system for electric energy, it can buy current at wholesale, make a great saving and supply cheaper power for industrials." "A system of parks nad uniform tree planting on streets." "More parks and playgrounds and swimming pool—everyone should learn to swim." "Cleaner streets."

The suggestions will be discussed later.

Add 11 New Members

Eleven new members were accepted, as follows:
O. H. Phinney, of Baker and Phinney; D. Applebaum, Women's Specialty Shoppe; A. Monroe Lacy, secretary of People's Finance and Thrift company; C. R. Krueger, men's furnishings; C. C. Collins, Packing Corporation; W. E. Mason, Chandler and Cleveland distributor; E. H. Bolden, photographer; James Dunlap, X-Ray specialties; W. G. Knox, city engineer; Mrs. N. Coleman, women's wear; Mrs. George Jackson, employment agency.

WORK ON 'Y' COURT MAY START MONDAY

With half a dozen concrete contractors figuring on the work, and with bids to be submitted to S. H. Finley not later than Friday, prospects for immediate action on the Y. M. C. A. playground development are favorable, it was stated today.

The specifications for the work call for a pavement 100 by 125 feet square. This is to be surrounded with a standard playground fence.

The project calls for two full-size tennis courts, with space for three basketball courts, which can also be used for volley ball. By removing the posts for the tennis courts, the entire field can be used for playground baseball.

If satisfactory bids are received Friday, the work of installing the pavement will probably be started Monday, and rushed to completion at an early date, according to Ralph Smedley, building secretary of the Y. M. C. A.

E. L. Mogge, Y. M. C. A. campaign director, who directed the campaign in Santa Ana last June whereby the local building fund was secured, is at the head of a drive at San Antonio, Texas, where a proposal to raise \$400,000 for a "Y" building is virtually assured of success.

FOUR COAST TEAMS STILL UNDEFEATED

SAN FRANCISCO, Nov. 1.—The Pacific coast conference rounds into its November football schedule with four teams undefeated—California, Washington, Oregon, and Stanford. While the last mentioned university has tendered its resignation as a member of the coast organization, the resignation has not yet been accepted, and Stanford is playing through a regular conference schedule.

Present indications give the California Bears a good lead, as the strongest eleven, with U. S. C. a possible second, particularly since the latter held U. C. to 12 to 0 at Los Angeles. However, the Trojans must defeat Stanford at Palo Alto November 11, and as the Cardinals have shown continual improvement since the start of the season, this battle looks to be one of the greatest on the November boards. There is also the California-Stanford "big game" November 25, which is always of great interest.

Washington has met Idaho, O. A. C. and Washington State successfully but Coach Bageshaw has his two hardest contests ahead of him, California at Seattle November 11, and Stanford at Palo Alto on the following Saturday. Unless the northerners develop surprising strength, they are due for a fall at the hands of the Bears.

Fair minded observers give U. S. C. the lead as second place men on the coast. It seems probable they will defeat Stanford, Idaho and Washington State in the order named. Just which outfit is likely as third place team should be shown by the Washington-Stanford battle at Palo Alto.

Best All Around Girl Athlete at Poly to Be Awarded Silver Cup

Who is the best all 'round girl athlete at the high school here?

The Girls' league of Santa Ana's big preparatory institution desires to find out, and to that end, it announced today, it will give a silver cup to the girl who excels all others of her sex in athletics.

At the same time, it was stated that the girl who will be awarded the cup must show not only the best athletic ability in the school, but must also be a good student and a girl of the best principles.

The Girls' league plans to give a Thanksgiving treat to the children at the Fifth street school. Eddie Nelson, vice-president of the league, will have charge of this feature.

HUNDREDS DUE AT LANGUAGE MEET HERE

More than 200 language teachers from all parts of the Southland, in addition to those attending from Santa Ana schools, are expected to be here Saturday when the Southern Section of the Modern Language association, an organization of national scope, meets in the local high school.

This is only the second time that this association has met outside of Los Angeles, according to Miss Lella Watson, of the high school and junior college faculties. Miss Watson, who was president of the association in 1920, is now the vice-president, and is in charge of arrangements for the meeting here.

The morning session will begin at 10:30, and will be devoted to discussion of French and Spanish.

Miss Ruth Frothingham, of the high school faculty, will be present at the morning Spanish section session, and is on the program for a vocal solo.

At the French section, Alice Richards, a high school French student, will sing.

At 12:30 a luncheon will be served in the high school gymnasium. The afternoon session will immediately follow the luncheon in the same room.

Speakers Are Scheduled

Luncheon speakers will be D. K. Hammond, principal of the high school here; J. A. Cranston, city superintendent of schools; H. G. Nelson, principal of the junior high school; and Prof. H. R. Brush, of the University of California.

Although the entire official program has not been announced, Miss Watson expects that Prof. Pijan, now at the University of Southern California, and recently from Madrid, Spain, will speak. Dr. M. F. Rodriguez, the consul in Los Angeles from Honduras, is also expected for the afternoon session.

The Modern Language association includes in its membership modern language teachers of high schools, junior high schools and colleges and universities. There is a total roster of nearly 200 in the southern section.

Students Aid Chairman

The high school French club is to assist Miss Watson in making the Modern Language association meeting a success.

The French club members are to make French bouquets to present to the delegates at the meeting, and to help in any other way possible.

New members in the club who were initiated last week are: Eleanor Adams, Marie Caruthers, Charlotte Chase, Vincent Chamberlain, Alberta Graham, Dorcas Patton, Don Hillman, Fern Flood, Genevieve Orr, Ethel Smallwood, Enid Twist, Margaret Whitted, Joseph Lyle, Margaret Cotant, Louise Marks, Teresa Knapp, Ruth Gredde, Vernon Heckert. These are expected to take an active part in aiding the Saturday meeting arrangements.

VOTES SALE OF CITY GAS PLANT

The municipal gas plant of Newport Beach is for sale.

Two hundred and thirty-four voters of the municipality, in an election there yesterday, with sale of the equipment the sole issue, said that they desired to quit the business of distributing gas. Thirty-six disapproved the proposed sale.

According to Clyde Bishop, attorney for the city, the plant is not for sale because a profit has not been made, but because voters have refused to provide capital for extensions and improvements necessary to satisfactory service.

Incidentally, contemplated street improvements at the seaside resort have in a measure forced the sale, Bishop said, because mains must be laid in virtually every street and voters refuse to vote bonds with which to extend the gas system.

Bishop said that possibly proceedings for the sale of the plant may be completed in time to open bids November 27.

The Southern Counties Gas company, which sells gas at wholesale to the city, has made a written offer in which, Bishop says, it agrees to reimburse the community for all moneys spent on the plant, including upkeep, pay the amount outstanding against the equipment in the form of bonds, and interest payable on the bonds during their life, unless the bonds can be purchased and retired, in which event interest obligations would cease.

Insuring Personal Articles

Such as:—

Jewelry, Furs, Gold and Silverware

Haven't you sometimes wished that you might be able to insure some of your very personal belongings, such as pieces of jewelry, furs, silverware or like articles, against any and all possible loss by Fire, Theft or Loss?

Such Insurance Is Now Available

We are glad to announce that such insurance is now available at Insurance Headquarters.

We have a new form of insurance that completely covers each personal article insured for 100 per cent of its value, protecting you against Loss, Fire, Theft and Damage under all situations excepting:—

- 1—Breakage of articles of a brittle nature, unless such breakage is caused by Burglars, Thieves or Fire.
- 2—Moths, Vermin, Wear and Tear or Gradual Deterioration.
- 3—Breakage of Glass, Overwinding, Denting and Internal Damage of Watches.
- 4—War, Insurrection, or Military or Usurped Power.
- 5—Loss of Cash, Currency or Bank Notes.

Have you any articles that you would care to have insured? Or would you care to have us explain it more thoroughly to you? A Phone Call or a Post Card will bring our representative to call upon you.

It's Really Fun

and a Big Saving to Paint, Varnish and Wax Things Yourself

If you knew how easy and interesting it is to varnish or wax home things yourself, you'd not hesitate in brightening up the articles that need refinishing.

Thousands of women have done this work under our guidance. Most of them say, "It's fun."

For 73 years we have been making special paints, varnishes, waxes, enamels, wall finishes and stains of the very highest quality. They assure satisfactory results if you follow a few simple directions.

And our "Home Service Paint Department" was organized just to furnish you with the necessary instructions. Write this department, tell them what you want to refinish and how you want it to

look. Our experts will send you full instructions which you'll have no trouble in following.

Fuller's Free Advice and Fuller's Products will be a wonderful help to you in beautifying your home. Take advantage of them both at once. You'll enjoy the work and the new beauty of the things you refinish will be a worth-while reward.

Fuller's Floor Wax

Fuller's Specification Floor Wax produces a smooth, polished surface on floors, wood work and furniture. It is easy to use and revives and beautifies scratched and unpolished surfaces.

We also make Decorative Varnish Stains, Rubber-Cement Floor Paint, Silk-Emulsion Enamel, Washable Wall Finish, Fifteen-for-Floors Varnish, Fullers' Varnish, Auto Enamel, Fuller's Hot Water Wall Finish (kaleidoscope), Porch and Step Paint, and PIONEER WHITE LEAD.

WALNUTS SENT FROM S. A. ARE FINEST EVER IS CLAIM

Shipments from Big Plant of Local Association Are Being Rushed

450 FOLK EMPLOYED

Final Returns to Growers May Be Expected by Dec. 1, Is Announced

Indicating that final returns may be expected about December 1, when Orange county growers will receive a million-dollar Christmas gift, and declaring that reports received from the East prove that this year's walnuts are first-class in every particular, Joe Woodside, secretary of the Santa Ana Walnut Growers' association, announced today that the big plant probably will continue to operate at capacity until November 20.

"At present," said Woodside, "about 450 men and women are employed, the women working a double shift of six hours each. The men work straight twelve hours."

Nuts Come in Rapidly. "With the nuts coming in rapidly, as a result of the heavy winds which prevailed recently, we probably will be able to dispose of the greater part of the crop by the last week in November."

"The cracking department will, of course, remain open longer. This department, employing about 250 women, will be in full operation until about January 1."

Shipments at present, Woodside explained, are averaging about three cars daily.

Quality Unexcelled. "These cars," said the secretary, "are being shipped to the Eastern markets as fast as we can move them. First shipments went to New York, Chicago, Philadelphia and the Southern states."

"By virtue of the rapid ship-

Barnyard Queen In Egg-Laying Stunts Trims All Rivals

Introducing "Columbia Belle," aristocrat of the barnyard. This prize leghorn broke all records and won the egg-laying contest held by the California farm bureau. "Columbia Belle" bested all competitors by laying 324 eggs in 365 days.

ISSUE STATISTICS ON ANNUAL FLORIDA CITRUS PRODUCTION

Production of citrus fruits in Florida for the season of 1922-23 is estimated by the United States Department of Agriculture at 15,000,000 boxes. Of this total about 8,400,000 boxes will be oranges and tangerines and about 6,600,000 boxes grapefruit.

SET NOVEMBER 10 AS DATE FOR VISIT

Advisor Will Conduct Second Pilgrimage to State Experiment Station

Orange county ranchers who were unable to avail themselves of the opportunity to visit the experiment station at Riverside when the Orange county farm bureau conducted an excursion to that city, will be given another chance to make the trip, November 10, according to H. E. Wahlberg, farm advisor, here, today.

"A second citrus growers' excursion to Riverside has been arranged as a result of the popular demand on the part of those who were prevented from accompanying us a month ago," said Wahlberg. "This excursion is well worth the time and attention of ranchers, and it is hoped that all growers interested will go with us."

Deeply Impressed. "A number who made the trip a month ago were so deeply impressed that they have indicated their desire to make the trip a second time."

"The Yorba Linda farm center is organizing a cavalcade of machines, which will accompany us to Riverside."

"The same meeting place will be used as on the first excursion—in front of the First National bank. Olive, and the time of departure the same—8:30 a. m."

Inspect Plots. "Dr. J. T. Barrett, director of the station, R. S. Valle, professor of orchard management, and other members of the staff will conduct the growers through the numerous fertilizer plots, root stock plots and variety tests."

"The meeting will adjourn early in the afternoon, so that the growers can get home in time for their chores."

"It is suggested that those going, invite their neighbors, so as to have full machines."

"Basket lunches may be taken, or lunch may be obtained at noon at Riverside."

Phone 227 for good dairy products. EXCELSIOR CREAMERY CO.

Farm Labor Wage, With Board, Given Out By Department as \$28.97

The average rate of wages of male farm labor for the entire United States, October 1, was \$28.97 a month with board, according to the first of a regular series of quarterly reports from 1300 county crop reporters to the United States department of agriculture.

The average rate for the year 1921 was \$30.14. By the month without board, the average, October 1, was \$41.58, compared with \$43.32, the average for 1921.

Day wages with board, October 1, were \$1.57, compared with \$1.68 last year, and day wages without board was \$2.08, compared with \$2.13 in 1921.

Of the 1300 reports, 36 per cent stated that the labor supply exceeded the demand at current wages, 33 per cent stated that the demand exceeded the supply, and 31 per cent reported an even balance.

Demand exceeded supply in New York, Pennsylvania, Virginia, West Virginia, North Carolina, and the Pacific coast states.

FORWARD IS SLOGAN OF FARM BUREAU AS ANNUAL DRIVE NEAR

"Forward Farm Bureau," is the slogan of the farmers of the progressive counties that are this month beginning the organization work of the annual fall membership campaign, according to R. D. Flanagan, Orange county farm bureau.

Co-operating with the organization department of the American Farm Bureau federation, eighteen states are this month busily engaged in putting into action one of the most systematic and detailed membership drives that the national federation could secure and compile from the most successful portions of all former campaigns, California, through its state federation, has begun the work of assisting the counties and the initial field campaign work is progressing with vigor.

AVOCADO MEET TO DRAW BIG DELEGATION

Complete Details for Luncheon at St. Ann's Inn Next Saturday

Fully 400 representative ranchers and packing house executives will be in attendance at St. Ann's Inn here next Saturday, when the avocado growers of Southern California assemble here, according to H. E. Wahlberg, Orange county farm advisor, in charge of the arrangements for the meeting.

"Avocado fruit for the banquet has been arriving at the farm bureau office for the past week," said Wahlberg, discussing final plans for the gathering.

"Luncheon will be served at noon, following which the regular program will start at 2 p. m."

Popehoe Presides. "F. O. Popehoe, president of the California Avocado association, will preside."

"Several groups of growers have made reservations, including the Yorba Linda farm center, which will send a delegation of fifteen to boost the heart of the avocado world."

"The fruit for the banquet will be in charge of Miss McNally of Altadena. She will assemble the fruit for display, which will be shown for the benefit of the public in the lobby of St. Ann's Inn, from 9 a. m. until noon, next Saturday."

Open to All.

"This meeting, which will be one of the most instructive gatherings of the kind ever held in Southern California, is open to all avocado growers. A cordial invitation is extended to all growers to avail themselves of this opportunity. Communities planning to send delegations are urged to communicate with the farm bureau immediately."

Among those who will address the gathering are Dr. J. E. Colt, Dr. A. B. Stout, K. A. Ryerson, C. V. Newman, T. J. Walker, Dr. H. J. Webber, E. C. Dutton, Robert W. Hodgson, C. F. Kinman and others.

At the speakers' table, the following directors and speakers will be seated:

F. O. Popehoe, Altadena; Charles D. Adams, Upland; J. M. Elliott, Los Angeles; T. U. Barber, Puente; William Hertrich, San Gabriel; Dr. W. R. Manning, Fillmore; W. A. Spinks, Duarte; R. M. Teague, San Dimas; C. E. Utt, Tustin; Dr. J. Walker, San Fernando; H. E. Wahlberg; Dr. J. Eliot Colt, Dr. A. B. Stout, Claremont; K. A. Ryerson, Los Angeles; C. V. Newman, Tustin; Dr. H. J. Webber, Riverside; E. C. Dutton, Anaheim; Robert W. Hodgson, Los Angeles; and C. F. Kinman, U. S. D. A.

EXPERIMENT FARM IN SOUTH IS URGED

RIVERSIDE, Nov. 1.—Location for Southern California of a state agricultural experiment farm was considered at a meeting here of George H. Hecke, director of the state department of agriculture and other state and Riverside officials.

The meeting followed one at the Riverside citrus experiment station of the tropical and semi-tropical fruit groups of the governor's agricultural legislative committee, which was also attended by Hecke and the heads of several state bureaus.

Besides Hecke, those present included H. S. Smith, chief of the bureau of pest control; Lee A. Strong, chief of the bureau of plant quarantine; F. W. Reed, chief of the bureau of fruit and vegetable standardization; H. J. Ryan, horticultural commissioner of Los Angeles county; A. H. Call, horticultural commissioner of Ventura county; R. N. Wilson, secretary of the agricultural legislative committee, A. C. Hardison, and Harry W. Lewis of Santa Ana.

DAIRY EXPERT SAYS SILAGE BEST FEED FOR FARM ANIMALS

Silage makes an excellent feed for dairy cows, fattening cattle and sheep, and is also fed to advantage in small quantities to other classes of farm animals, according to W. M. Cory, assistant farm advisor.

The following amounts of well-preserved Indian corn silage may be fed safely to the different classes of livestock, somewhat smaller amounts of other kinds of silage being given, viz:

Dairy cows, 25 to 40 pounds per head daily.
Heifers and young beef stock, 10 to 20 pounds.
Fattening steers and beef cows, 20 to 30 pounds.
Horses, 5 to 10 pounds.
Wintering work horses, 10 to 20 pounds.
Sheep, 2 to 3 pounds.
Brood sows, 2 to 3 pounds.

James noonday lunches.

Alien Enemies of Citrus Groves Cause Grave Fear

"Alien Enemies" are not always dangerous in proportion to size, according to an article under that title written by Walter V. Woehlke for Sunset Magazine. Woehlke calls attention to a very serious problem that is now confronting the fruit growers of the Pacific coast states, who must be perpetually on guard against the invasion of destructive plant pests and diseases.

The successful invasion of the territory in question would not only cripple or kill the great fruit industries of the West, but it would result in a shortened crop of fruit for the whole country, which depends to a larger extent than is perhaps realized, on oranges, lemons, peaches, apricots, prunes, apples, grapes and other fruits from California and her sister Pacific coast states.

This great Western fruit orchard of the United States is worth protecting, and people should be awakened to the facts concerning the dangers which threaten it, according to Woehlke. California has so far kept these "alien enemies" at bay.

Many persons do not realize the importance of plant quarantine regulations, which forbid the importation of certain foreign plants known to be likely to bring in dangerous plant diseases and pests, and require the rigid inspection of other plants before entry.

Caused by tiny organisms belonging to the same family as those which produce measles, scarlet fever, influenza and similar diseases in the human family, this plant disease has cost \$13,000,000 in ten years. There is no known cure for the canker, which is so infectious that the most drastic measures are necessary for its control.

YAZOO WOMEN LEAD IN BEEF CANNING, REPORT INDICATES

Since last November, when a representative of the United States department of agriculture gave a demonstration in curing and canning meat in Yazoo county, Miss., the Mississippi extension agent reports that 60,500 pounds of beef have been canned by women and girls under her supervision. Most of this meat was preserved for home use or to be sold on plantations.

BUREAU HEADS AND GROWERS CONFER

Quality production was the prevailing topic at the meeting of the county farm advisors, their assistants and the presidents and secretaries of the farm bureaus in the San Joaquin valley which was held in Fresno last week under the auspices of the Sun-Maid Raisin Growers' association.

Beginning at 9:30 a. m. the visitors were given talks by heads of the various departments. Following a noon luncheon, they were taken on a tour of inspection at plant No. 4. Several other talks followed this trip and from the middle of the afternoon until time for adjournment a general discussion on quality production was held. Between twenty-five and thirty agriculturists were on hand.

The first talk of the day on "The Cost of Packing and Marketing Raisins" was delivered by Fred K. Howard, director of educational activities, and was followed by Wylie M. Giffen, president of the Sun-Maid Raisin Growers, who chose as his subject, "Why Sun-Maid Raisins Are Advertised Around the World."

The third talk on "How Sun-Maid Raisins Are Marketed" was given by C. S. O'Donnell, field sales manager. James Lynch, efficiency manager, delivered the last talk of the morning session. Lynch spoke on "Efficiency Methods and Labor Saving Devices in Raisin Packing."

LAY PLANS IN CHICAGO FOR PRUNE SALE

One of the most important sales conferences ever held in the history of the prune industry was held in Chicago, last week, to discuss merchandising and advertising plans for handling the 1922 California prune crop.

The meeting was attended by H. G. Coykendall, general manager of the California Prune and Apricot Growers' association, and more than two score of the association's broker representatives from all parts of the East and Middle West.

So great was the demand reported by the brokers for the new two-pound carton of prunes being packed for the first time this season by the association, under the size designation of large, medium and small, that probably the greater part of the remaining stock of 1922 crop prunes will be put up in this form.

The success of the California prune growers in packing prunes in a sanitary two-pound carton will revolutionize prune packing customs of more than half a century standing, according to the opinion expressed today by association officials.

SHIPMENTS OF FROZEN FRUIT HELD DANGER TO FUTURE MARKETS

Riverside Grower Warns Industry Must Co-operate to Curb Practice

URGES FRESH LAWS

1915 Act Effective, But Has Defects That Must Be Remedied, View

Declaring that the citrus fruit markets of the future are placed in jeopardy by the shipment of frozen fruits, C. C. Arnold, a prominent grower of Riverside, here today, said that unless citrus growers co-operate in a general movement to stop such shipments, California producers would "wake up some fine day and find their markets in the hands of Florida growers."

At the same time, Arnold declared that in discussions with growers in Orange county and elsewhere, he has found two erroneous impressions prevalent, with regard to the market and the effect of the recent decision of the supreme court in declaring void the fruit and vegetable act of 1921.

One is that the decision invalidated the 1915 act. The other is that the market condition at this time is due to the large quantity of small fruit that has been shipped, when the condition is the result of the consumers' losing faith in the California product by reason of the shipment of frozen oranges.

Urges New Legislation. Arnold pointed out that the 1915 act is effective and is serviceable, it, however, is not protective between the date of a freeze and the time when the extent of the damage may be definitely determined.

Moreover, he asserted that growers must become active at once in an effort to secure legislation at the next session of the state legislature that will remedy defects in the 1915 act; and, in the meantime, must, by voluntary co-operative effort, protect the market by refusing to sell fruit where there is the slightest possibility of frost damage.

"There are those who do not care for the future markets," said Arnold. "They are more concerned with immediate returns than the permanency of the industry. This attitude is found not only among shippers but growers. It is unfortunate that many of the latter are shortsighted and forget the future in order that they might profit in the present."

Raps Propaganda. "At this time propaganda is being put out advancing the idea that regulation is not now needed. There is a lack of interest in guarding the future market by those who should be vitally concerned, and an activity in behalf of non-regulatory laws by those who care not for the future."

"If we are to conserve the market for the rest of the Valencia crop of Orange county and the coming navel crop of other sections, the growers must co-operate in refusing to sell fruit that has been damaged."

"We must insist on strict enforcement of the 1915 act. We must not let the independents go on unchecked."

Stop the Unlawful Practice of the Law

PROPOSITION NO. 24

To the Voters of Orange County:—

An act was adopted by the legislature at its last session and approved by the Governor, to protect the public by regulating the practice of law. This law now comes before the voter by referendum, invoked by certain trust companies which are profiting by the continuation of present abuses. This proposition will be submitted to you for your vote thereon, on November 7th, under Proposition No. 24, on the ballot.

This law is necessary to protect the public against the practice of law by two classes of unauthorized persons: First—lawyers, disbarred by the courts as unworthy of confidence, who under the guise of office practice impose upon the public; second—certain trust companies engaged in the practice of law for the purpose of securing control of large estates for their own profit by writing wills, wherein they name themselves executors and trustees.

Form WILLS, prepared and used by these trust companies show the character of this abuse. These Wills tie up the estate in the hands of the trust company for a long period of time; it permits the trust company to exchange securities owned by it which may be of doubtful value for sound securities accumulated by the deceased. In this and other ways it attempts to nullify provisions of the law, made for the protection of widows and orphans. To doubly secure the trust company's grasp on the estate, the wills further provide that any heir who contests the will or the trust shall forfeit his interest in the estate. It attempts to cut off the widow with one dollar if she dares to claim her share of the community property. The testator is thus induced to deprive his heirs of ordinary safeguards which the law provides against the unfairness and greed of the trustee, and the widow and children are made dependents of the trust company.

The trust officer who advises customers to sign such wills obviously is promoting the interests of the corporation which hires and pays him, and is not safeguarding the maker of the will. For no man can serve two masters.

The act expressly recognizes the right of any person to prepare ordinary business agreements and conveyances and give advice incidental thereto. Any person may draw a deed, lease, note, contract or any other kind of business instrument for himself or his neighbor. No bank or trust company is adversely affected in the transaction of its authorized and legitimate business.

The act does not prevent real estate agents, bankers, notaries public or other persons from drawing deeds, mortgages, options, leases, notes, escrows or any ordinary business instruments. Statements to the contrary are false and misleading, as any person can see by reading the act.

The act does prohibit disbarred attorneys, trust companies and other unauthorized persons from imposing upon the public by carrying on the practice of law as a business.

Similar laws in force in twenty-four states, including New York, Massachusetts, Illinois, Iowa and Missouri, have met with public approval.

Vote "Yes."

A Chance of An Oil Field of Our Own

I have an option on 6 acres adjoining NORWALK on the south, 24 lots, 80x115, with ALL OIL RIGHTS included. The average price was more but I have arranged by taking the whole block to get them at \$1000.00 each, \$100 down and \$25 per month, but must act at once. I already have an offer from The Industrial Oil Syndicate to Give us 30 per cent royalty and drill on all or half of it.

This price is less than you can get land in that territory and give a royalty besides, if you can't handle a lot go in with some friends and get in on the ground floor. If you can handle more than one hop to it as you won't get another chance like this.

Drive out and look it over or call and we will drive you out. It is Block F of the BROADMORE Tract to Norwalk reserved for Orange and Santa Ana.

FRED S. BECKWITH,

Dental advertising, above all others, should be above suspicion. It need not be tame and uninteresting—nor confined to "talking shop," but it MUST BE HONEST, it must be decent, it must be "fathered" by the name of the person

Who Is There Personally to do the Work—and do it Right—and for the Right Prices

according to the advertisements. My advertisements are different from most Dental advertisements because my methods are different.

I Advertise What I Do
I Do What I Advertise

What's in a man is bound to come out sooner or later. His ideas—ideals and opinions—come to the surface in his written announcements just as surely as they do in his conversation. The man who thinks he is the Only Dentist in the world is the only one who does think so.

The ordinary man betrays his plebeian nature before he says fifty words.

Merchants who are given to exaggerations and extravagant claims are soon exposed and thereafter shunned. Fair and square advertising is usually indicative of a fair and square policy.

REMEMBER, any one can cut prices, but it takes Brains to turn out better work.

REMEMBER!

Most any dentist can pull a tooth—and not hurt you. It doesn't take much of a machine to drill out a small decay in your grinder and fill it up. BUT let me tell you this: if you want a full upper or lower bridge, with only two or three teeth left for attachments—it takes a man with experience in that particular branch of the profession—or you will be sadly disappointed—in appearance of it, in the wearing quality and in the most important feature of it all—the chewing service it should give you.

AD PLEA FOR DAY NURSERY IS VOICED

BY RAY ROWAN

That the building and equipment used in operating the Day Nursery on East Fifth street, do not conform to regulations set forth by state law for such institutions, and that something must be done soon to remedy undesirable features, were declarations made recently by an inspector from the state board of charities and corrections, it was learned today.

The little nursery on Fifth street has since twelve years ago, when it was instituted by the Ebell club, been a home for children whose mothers must leave them during the day, while working. In the first stages of its existence the nursery managed to keep going, with the financial backing of the Ebell alone. Then, when more and more children were left for care and the grocery bill began to mount (for a hot lunch is provided), assistance was sought and various clubs, business firms and individuals responded.

Change Imperative With this help and careful management it has been just possible to keep the nursery open for twelve years. Now that a change is imperative, the day nursery committee, and Mrs. A. H. Taylor, manager of the nursery, are wondering how it is to be done.

It is true that a charge of 25 cents a day is made for each child, where the parent is able. But many of them are not able, and money raised in this way is a small factor toward the upkeep of the nursery. If the mother is unable to pay, her child is taken in anyway.

Mothers of these children, for the most part, are women employed in packing houses, laundries, the cannery, at the walnut association plant, and in various other lines where work cannot be had the year round. This makes it necessary for them to save for the period of unemployment. Often they have other children of school age, and it requires a good part of their earnings to keep them in school. Sometimes there is no invalid in the family who must have special care. It has been found that many of them cannot pay for the care of the small children and keep up with their other expenses.

Aid For Mothers

To be sure, the children could be put in orphanages. That could have been done before now; but these are children of mothers who cannot bear the idea of parting with them. It is a sad thing for a mother to be forced by poverty to give up her child, and it was to prevent this sacrifice that the nursery was founded.

Few persons, outside of those coming in contact with the nursery, realize the families it keeps together and the comfort it thereby gives. It is certainly cheering for a tired mother to be able to call for Johnnie or Billy or Mary or Grace, and have the baby at her side until next morning. There is a purpose in life for her.

The Ebell started this movement; but the Ebell and chance donations cannot keep it going, in view of the change ordered by the state board. What can be done to keep this institution afloat? Santa Ana might do well to include this problem among its plans for civic betterment. This is a matter for a Christian community to cope with, and the people of this city should find a way to see it through.

Urges Real Nursery Here

Owing to the nature of the chief products of the county, oranges and walnuts, Santa Ana employs an army of women out of all proportion to the size of the city. Couldn't the prosperity of Santa Ana be mirrored in a modern Day Nursery for the welfare of the children whose mothers it employs? Riverside has a nursery. Long Beach has a nursery. Santa Ana should have one.

BARN HALLOWE'EN IS RECENT GROVE EVENT

GARDEN GROVE, Nov. 1.—The large barn on the Wesley Smith place was the scene of a merry Halloween party last Saturday evening.

The members of the Epworth League society, dressed in various costumes, met at the church and were conveyed by machines to the Smith barn, which was decorated with lanterns, corn stalks and black cats.

Games were played in the barn and out in the open.

Doughnuts and cider were served as refreshments.

A Halloween social was recently given by the adult Sunday school class of the Baptist church, at the Soule Cortly home. Readings were given by Miss Inez Russell and Mr. Sturgess and various Halloween games were played. Many enjoyed having their fortunes told by the "witch."

JAILED AT FULLERTON ON KIDNAPING CHARGE

Charged with kidnaping his own daughter, T. D. Downes, Fullerton, today was scheduled to appear in justice court in Long Beach, to explain why he brought Mary Jane Downes to Orange county from the beach city.

According to Mrs. Urada Downes, wife of the arrested man, the couple separated several months ago and the court gave her into custody of their children.

Downes, she alleges, found the youngest child playing in a neighbor's yard and took her to Fullerton. On complaint of Long Beach police Downes was arrested in a Fullerton cleaning establishment, after he had threatened to shoot anyone who attempted to take the child from him. A charge of carrying concealed weapons was also placed against Downes.

James noonday lunches.

Southland Printers Hold Frolic at Inn

One hundred and thirty-seven employed printers and employees present last night at the second meeting of the Franklin Printers' association of Southern California, held last night at St. Ann's Inn, today were virtually convinced that "printing everything backward" is the successful way.

Their near conviction was due to an address delivered by Charles W. Husbands, of Los Angeles, who gave an instructive discourse on his success in reversing the usual form of doing two and three-color print with one cut. Samples of printed work done under his plan were offered for inspection.

Presented with paper hats in the shape of black cats, and with toy horns as they entered the dining room, the printers discarded conventionalities and indulged themselves in a frolic that would have delighted the hearts of a crowd of playful youngsters. A jazz orchestra swung the men into the frolic and horns in the hands of men with more lung capacity than musical talent drowned out the melody of the professional musicians.

Whole South Represented The visitors represented the trade in virtually every city of consequence in Southern California. After partaking of one of Mine Host G. A. Schweiger's excellent chicken dinners, the printers launched into the serious and non-serious program that had been prepared for their entertainment.

George Pickering, of Santa Ana, president of the association, opened the program and business session by introducing the Rev. P. Porter, pastor of the First Christian church of Santa Ana, who substituted for Mayor John G. Mitchell in extending a welcome to the guests.

Introduction of James W. Foley, poet-humorist, of Pasadena as toastmaster, was greeted with boisterous applause. The toastmaster kept his auditors in an uproar with his witticisms and preliminary to introduction of speakers. Incidentally, he recited several poems, the serious tone of which left with the diners profitable thoughts as to the value of co-operative effort and elimination of the custom of "damning a competitor."

The organization, which is

founded on the Franklin method of estimating costs of printing, enjoyed a program that was introduced with a surprise stunt and dramatic recitation that impressed all with the cardinal principals of the association.

The dining room was darkened suddenly and a "wild man" started in. A spotlight revealed the form of a creature with long hair, bent form, wild eyes and pallid face. With dramatic action and voice he delineated the printer who thought he could "estimate," but really "guesstimated," and went to the grave a tottering wreck and worse than "broke," Stanley Reed, local advertising man, who impersonated the character, made a big hit in the character.

"What the Plant can do to Assist the Office and Sales Force," was a topic assigned to A. E. Thompson, of Los Angeles. Unable to meet the engagement, Thompson sent from his office Hugh E. Bradley, who read a paper prepared by Thompson.

Angeleno Speaks James Kibbee, Los Angeles, opened in a humorous way his address on "How the Office and Sales Force can Assist the Plant," and closed with a series of suggestions to salesmen and managers.

Three-minute talks were made by G. W. Duncan, of the Sierra Paper company, and Victor Hecht, assistant manager of the Zellerbach Paper company, Los Angeles.

During the business session the following committee was named to meet at San Diego at the call of the president and pass on and adopt constitution and by-laws for the organization: Major Whittingham, Ray Smith, Los Angeles; R. H. Green, Norman Cosby, Long Beach; Harold Barnum, Max Westerfield, Orange Belt association; T. F. Tripp, M. C. Peck, Pasadena; J. W. Newton, Howard Ballou, Pomona-Ontario; D. H. Shaffer, M. M. Hammond, Santa Barbara; G. P. Campbell, A. G. Flagg, Santa Ana; P. S. Packard, Roy J. McKelvey, San Diego; Paul Swanson, R. F. Flowers, San Pedro.

Women who accompanied their husbands to the meeting were entertained by Mrs. A. G. Flagg at a theater party and with a drive about the city.

Inter-City Sewer Bids to Be Opened

With the city council prepared tonight to open bids for construction of the joint outfall sewer to the ocean, to be built by the cities of Santa Ana, Anaheim and Fullerton, with Orange as a possible partner in the enterprise, it was predicted today that actual work on what is termed one of the largest joint city projects ever attempted in the United States will start within the next thirty days.

This will initiate sewer work in Santa Ana, Anaheim, Fullerton and Orange that will result in expenditures in excess of half a million dollars in the following ten months, it was estimated.

It was indicated today that there would be a number of bids before the council tonight, with prospects of very advantageous figures being submitted. While the preliminary official action in connection with the bids will be taken by the Santa Ana council, representatives of the boards at Anaheim and Fullerton are expected to be present. Authority to call for bids was delegated to the Santa Ana council at a joint meeting of the three boards held at Anaheim some weeks ago.

Following the opening of the proposals it is expected that they will be taken under consideration, pending investigation, or referred to the three boards at once for award of the contract.

Initial steps in promotion of an inter-city sewer were taken by Santa Ana and Anaheim many months ago. Reaching a conclusion, the two boards had acted substantially with regard to proceedings when Fullerton made application to be permitted to join in the improvement. Evidencing a spirit of the greatest good to the greatest number, Anaheim and Santa Ana readily consented to Fullerton becoming a party to the transaction. Still later Orange made application and was accorded the same treatment as Fullerton, with the exception that the proceedings had gone too far to permit Orange to

join at this time as a partner, and the further fact that Orange will have to vote bonds to provide funds for paying its proportion of the costs of the joint installation of a main line to carry sewage to a conjunction point with the main line from Anaheim and Fullerton.

Fullerton Cash Ready Fullerton was in a different situation. With a treasury bulging in cash with returns from oil well interests, that city was not placed in the position of having to vote bonds. The cash for its share of the work is available.

Orange is now working out plans for its part of the work and if the proceedings are completed to the point where bonds are voted and sold before Anaheim completes its outfall to the treatment plant to be located near the Talbert road, south of this city, Orange will come into the enterprise as a partner. Otherwise that city will be taken in on a rental basis and maintained in this position until such time as its finances are such that it can become a partner.

Incidentally, it was recalled that the community of Garden Grove some time ago, through a committee of representative citizens also requested the right to avail itself of the joint operations. Incorporation plans failed recently, and unless a sanitary district is organized—and there is possibility of such being done—Garden Grove will not be in position to participate in the plans.

Bonds Voted April 4 Santa Ana last April 4, voted \$172,000 in bonds for its proportion of the costs of the outfall sewer, right of way, treatment plant and site. At the same time bonds to the amount of \$149,000 were voted for additional main lines in the city and an outfall line to the treatment plant. Anaheim later voted bonds to carry out its part of the program. Legal proceedings have advanced the work as rapidly as it has been possible.

SUSPECTS HUNTED IN FULLERTON BURGLARY

Sheriff's deputies today were continuing their search for robbers who entered the home of R. M. Robertson, at Fullerton, last night, ransacked the house and escaped with loot valued at \$500. At the same time, search was being made for a small automobile, belonging to E. J. Marks. Officers believed the thieves made their getaway in the Marks car.

Entering the Robertson home during the absence of the family, the robbers made a leisurely search of the premises, securing among other articles, a watch, a brooch, \$10 in cash and a number of small rings.

FUNDS TO COMPLETE CHURCH ARE SOUGHT

GARDEN GROVE, Nov. 1.—The committee in charge of financing the new M. E. church building recently met and made arrangements to secure additional funds for the completion of the new church.

The Epworth League cabinet held a business meeting at the home of Mr. and Mrs. C. E. Bell, Monday evening. Refreshments were served at the close of the meeting.

WALNUTS HERE ARE BEST EVER

(Continued from Page 8.)

ments, Eastern merchants will be able to supply the Thanksgiving and Christmas trade with some of the finest nuts ever grown in California.

Woodside said between 3,000 and 4,000 sacks of walnuts are being received daily at the big plant.

"Reports prove the nuts are excellent," said Woodside. "Final returns probably will be made to the growers by December 1."

Legal Notices

NOTICE INVITING BIDS.

In pursuance of a Resolution of the Board of Supervisors of the County of Orange, State of California, adopted October 24th, 1922, directing this notice, notice is hereby given that said Board will receive at its chambers, at the Court House, at Santa Ana, in said county at or before the hour of eleven (11:00) o'clock, on the 24th of November, 1922, sealed bids or proposals for the erection and construction of the first unit of a new Hall of Records building upon the premises now owned by said County of Orange, bounded by Broadway, Church, Sycamore and Sixth streets, in the City of Santa Ana; the general work, the electric wiring and steam heating work to be let under separate contracts.

Bids must be addressed to the Board of Supervisors, Orange County, California. The work to be done in accordance with the plans and specifications adopted by the Board of Supervisors on file in the office of the said Board in the Court House. Each bidder must submit with his proposals a certificate check certified by a responsible bank and payable to the order of the County of Orange or \$500.00 per cent of the contract price thereof, and an additional bond in an amount equal to fifty (50%) per cent of the contract price for said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work, contracted to be done by the contractor, or any work or labor of any kind done thereon, and also will be required to furnish a certificate that he carries compensation and insurance covering his employees, which may be entered into between him and the said County for the building of the first unit of the new Hall of Records.

Copies will be furnished, intending bidders upon the application to the County Clerk or Frank Benchley, Architect, Fullerton, California, for which a deposit of Twenty (\$20.00) dollars will be required. Same to be returned on the filing of the bid and a return of plans and specifications. The Board of Supervisors reserves the right to reject any and all bids. By Order of the Board of Supervisors of the County of Orange, State of California.
Dated October 24th, 1922.
J. M. BACKS, County Clerk.

Orange County News

L. A. NURSES FETED
IN LA HABRA MEET

LA HABRA, Nov. 1. — Mrs. Eleanor Hazen, president of the State Nurses' Association, and community organizer for Americanization work in the La Habra Mexican camps, entertained the city nurses of Los Angeles, at the community hall at the new Camp La Habra, Monday evening.

Included in the guest list were forty Los Angeles nurses. Among them was Miss Druzilla Mackey, former Americanization teacher and founder of the camp. The community hall was decorated in the Halloween motif and was unique and artistic.

The tables were laid daintily, and the dinner consisted of a four-course Spanish banquet.

When Miss Mackey took charge of the camp three years ago there were only seven forks in the camp, and these were ornaments. Cooking was done over an open fire. Mrs. Hazen has enlarged the work of the camp, introduced a class in nursing and health welfare, and is proving a most worthy successor to Miss Mackey.

**VILLA PARK FOLK
FETE HALLOWE'EN**

VILLA PARK, Nov. 1. — The Young People's League recently held a Halloween party at the Hall, which had been decorated for the occasion. Games were played and the young folks had a good time generally.

Refreshments of doughnuts, apples and candy were served by the girls.

Saturday afternoon Elizabeth and Paul Spennetta entertained their little school mates at an afternoon party. Halloween decorations were used and games were played by the children. Refreshments in keeping with Halloween were served the little guests.

**60 FINED TOTAL OF
\$640 DURING OCTOBER**

ANAHEIM, Nov. 1. — Approximately \$640 was collected in fines by City Recorder G. B. Brown, during the month of October, according to a report today to the Anaheim Board of Trustees.

These fines, ranging from \$1 to \$300, were assessed against sixty offenders of city traffic and liquor ordinances.

The largest fine, one of \$300, was paid by L. Albers, who pleaded guilty to a charge of maintaining an establishment in which intoxicating liquor was kept for sale. Other fines ranged from \$1 to \$10.

**ANAHEIM 'Y' CLOSED
FOR IMPROVEMENTS**

ANAHEIM, Nov. 1. — Plans for the tinting and painting of the Y. M. C. A. Center will necessitate the closing of the center after this evening for about a week, according to an announcement by F. N. Gibbs, chairman of the Anaheim Y. M. C. A. Building Committee.

This does not mean the closing of the grounds, which can be used without interference, he declared, and the indoor league games will not be interrupted.

**VILLA PARK TAKES
BRIDE IN FAR EAST**

VILLA PARK, Nov. 1. — Frank E. McCorkle, of Villa Park, was married to Miss Frances Chambers McCloy on September 28th, 1922, at Yokohama, Japan.

McCorkle spent about two years in this vicinity before going to Japan.

**SPILL MARS RUNNING
OF PIMLICO FEATURE**

PIMLICO RACE TRACK, BALTIMORE, Md., Nov. 1. — The running of the Manly Memorial Steeplechase race here this afternoon was marred by several accidents. As the horses dashed by the stands on the flats after the grueling two and a half mile run, there was a bad spill. Ambulances were rushed to the track to pick up the spilled and injured jockeys. None was reported seriously hurt.

Damask of the Greentree Stables was the winner with Lieutenant Seas second and Minata third.

**OPTOMETRISTS WILL
MEET AT CAMP CURRY**

LONG BEACH, Nov. 1. — The twentieth annual convention of the California State Association of Optometrists will be held at Camp Curry, Yosemite park, on May 28, 29 and 30 next, according to an announcement made by the board of trustees which has just closed its sessions in Los Angeles. At the last convention, held in Los Angeles, approximately 600 delegates were present, and it is expected that this number will be doubled at the gathering next summer in the national park.

PLAN AIR CRASH PROBE.

HONOLULU, T. H., Nov. 1. — Formal inquiry into the manner of death of Lieutenant Thomas V. Hynes and Sergeant Ross Owens, both of New York, was ordered by army authorities today. They were killed and Captain T. W. Allen and Lieut. A. F. Hebbard seriously injured yesterday when two army airplanes collided 200 feet above the surface of Pearl Harbor near Honolulu.

Vote "Yes" on No. 2 Prohibition Enforcement. Wright Act.

MAN INVESTS \$250
AND BECOMES RICH
IN GERMAN MARKS

ANAHEIM, Nov. 1. — Mayor Wm. Stark and Johnny Walls were standing in the lobby of the C. of C. this morning when he walked Herman Sterns with the greeting: "I'm a millionaire now!"

Stark and Walls allowed as how Sterns was pretty well healed, but they hadn't heard of any oil gushers coming in on his property.

"Well, here's the evidence, anyhow," said Sterns and he flashed a check for one million marks, which he had just purchased at the First National bank for \$250 and which he is forwarding to a brother blinded by the war at Coburg, Germany.

Before the war, one million marks would have been worth \$250,000 in our money.

**TUSKS AND BONES OF
PREHISTORIC ANIMALS
FOUND IN SOUTHLAND**

ANAHEIM, Nov. 1. — M. F. Sturges of Santa Ana, representing the Torrance Lime and Fertilizer company, with a plant in the foothills of Lomita near the Pales Verdes estate, offers some highly interesting proofs that prehistoric animals once roamed the southland and beach resorts.

Exhibits, now on display in the window of the Golden State National Bank of Anaheim, include thirty-five teeth of the man-eating shark, said to be 500,000 years old, and the tooth of an Imperial elephant, weighing six and three-quarter pounds and measuring eight and a half inches across the chewing surface.

In addition, there are trays containing the teeth of a prehistoric horse, the jawbone of a huge crocodile, the tusk bone of a mammoth, the chewing apparatus of the saber-tooth tiger and many other interesting exhibits.

No less an authority than David Starr Jordan declares that the shark which sported five of the teeth in one of the trays was at least 150 feet in length. Other experts, including Dr. Milbank Johnson, of the Southwest Museum, and Dr. J. Z. Gilbert of Los Angeles, declare that some of the bits of bone and shell found imbedded in the lime quarry are fully 500,000 years old.

**35 NEW HOMES
PLANNED IN
ANAHEIM**

ANAHEIM, Nov. 1. — Sixty-five permits have been issued for October, and among these thirty-five were for homes, thirteen for private garages, one for a commercial garage, five for additions on business buildings, and eleven for improvements on residences.

The residents who have taken out permits for new homes during the month of October are A. L. Cone, 124 West Palm; Charles Lundin, 217 Walnut; Samuel Beitz, 829 South Lemon; G. A. Fletcher, 324 East Broadway; George H. Shank, 212, 216, 220 Carlton; D. G. Sutton, 1139 West Broadway; Clayton L. Allen, 427 South Citron; T. A. Williams, 721 North Lemon; Harry Jayne, 312 East Chartress; E. A. Ramilla, 926 East Center; F. A. Pietrick, 316 South Lemon; J. L. Davis, 748 North Topsis; D. W. Anderson, 206 East Wilhelmina.

Mrs. Mary E. Imus, 908 East Broadway; F. C. Hoeppe, 745 North Paulina; Ray Fisher, 511 South Resh; J. J. Pitts, 213 South Ohio; P. F. Wilson, 839 North Zeyn; J. A. Volz & Sons, 427, 425 South Ohio; O. E. Steward, 321 North Philadelphia; R. F. Stieper, 711 North Clementine; H. P. Allen, 732 North Paulina; L. E. Dierker Building company, 12, 734 North Clementine; O. T. Austin, 708 North Olive; Sam Schultz, 206 North Philadelphia; Mrs. E. C. Deverell, 123 South Olive; F. E. Dabe, 705 North Paulina; Gregoria E. Smith, 610 East North; Herman Karsten, 742 North Lemon; T. B. Gottschalk, 514 South Resh.

**GOVERNMENT NURSE
WEDS BAY CITY MAN**

VILLA PARK, Nov. 1. — Miss Isabella Lea Collins, daughter of Mr. and Mrs. F. D. Collins, and David L. Montana were united in marriage at the First Presbyterian church in San Francisco on October 24, it became known here.

Mrs. Montana was a graduate of Orange Union high school, also of Reed college, Portland. During the war she was in reconstruction work at several places, and is at present with the Hanneman hospital.

Mrs. F. D. Collins attended the wedding, also her aunt, Mrs. B. Crowell of Pennsylvania, and Miss Alice Lee of San Francisco.

Mr. and Mrs. Ray Billingsley and daughter, Mrs. Helen Flinham, who were in Los Angeles, attended Grauman's Rialto Theater to see "When Knighthood Was in Flower."

**EATS 73 PANCAKES
IN BALLOT CONTEST**

NEW YORK, Nov. 1. — Jim Harnett won two votes for Walter Baltazzi, congressional candidate today when he ate 73 pancakes.

Harnett met Dick Topley and John McKenna in an eating contest, the loser to vote for the candidate picked by the winner.

Framed pictures, vases, flower bowls, book ends, candle sticks, individual china dishes and pieces, art glass, card prizes, incense burners and fine incense at 315 W. 4th, Santa Ana. Goff Gift & Art Shop.

LITTLE VILLA PARK
GIRL LAID TO REST

VILLA PARK, Nov. 1. — The funeral of Floy Reisch, 10 year old daughter of Mr. and Mrs. R. F. Reisch, was held at the Ellis Undertaking parlors in Orange Monday afternoon. The service was conducted by the Rev. William Marsh.

The pallbearers, six high school girls, were Zelda Handy, Marjory Thomson, Edna Raney, Adaline Waffle, Mary Adams and Laura Raney.

Floy had been seriously ill for the past nine weeks and an operation seemed necessary so she was taken to the Community Hospital in Santa Ana where she passed away.

She left beside her father and mother, three sisters, Miss Bernice Reisch, teacher, in Los Angeles, Miss Lena Reisch, attending a school in San Diego and Miss Pearl Reisch attending Normal school in San Diego. Also two brothers, Charles Reisch attending U. C. S. B., Los Angeles, and John Reich of Villa Park, survive her.

PAULARINO

PAULARINO, Nov. 1. — Alex Jameson, Esther and Edna Chilcoat were among those who attended the dance Saturday night.

Ramond Tye was absent from school Monday on account of sickness. There has been a good deal of sickness among the school children the past few weeks.

Mr. and Mrs. Gus Lemke and family spent Sunday evening with Mr. and Mrs. Jake Arnet.

The Aliso Dairy has purchased the remainder of the last cutting of alfalfa hay from Alex Jameson. They hauled the hay the first of the week.

E. E. Emerson has been working for the Delhi Drainage company last week and the fore part of this week, helping put in a new bridge on the San Joaquin ranch.

J. W. Shaffer, Alfred Wells, Mrs. Fairchild and Mrs. A. T. Cole went to Talbert Monday to determine what the church needed before the new pastor arrived.

Mr. and Mrs. J. W. Brooks, daughters Lillian and Bert, of Country Club Gardens, and Mr. and Mrs. J. W. Sheffer, sons Guy, Dwight and daughter, Evelyn, spent Sunday afternoon with Mr. and Mrs. Alfred Wells and family.

Mr. and Mrs. Gus Lemke, Eleanor and Martin, and Mrs. Etta Hess and family of Garden Grove, were Sunday dinner guests at the M. A. Baker home.

Mrs. Mary Hess, of Garden Grove, Eleanor Lemke, Marie Wells and Ted Baker, visited Sunday afternoon with Mr. and Mrs. Jake Arnet.

Stanton Best was a caller on Fred Wells Sunday.

Miss Dollie Johnson was recently ill.

Stanton Best spent Sunday morning with Ardria Flint.

Jake Sheffer and Alfred Wells motored to Los Angeles Tuesday morning on business.

Mr. and Mrs. J. Cavanaugh and family spent Sunday at Huntington Beach.

Frank and Alfred Wells are on the sick list. Alfred is unable to attend high school.

Mr. and Mrs. Clyde Cathcart, of Santa Ana, spent Sunday afternoon at the Nate Hughes home.

Mr. and Mrs. Emerson visited in Santa Ana Sunday.

Mae Arnet and Annie Jasma spent Sunday with Dorothy Fairchild.

Ted Baker, Marie Wells and Ruby Sheffer spent Sunday evening with Bert Shaw, of Talbert.

Mr. and Mrs. Nate Hughes and Ethel, and Mr. and Mrs. Clyde Cathcart, of Santa Ana, spent Sunday evening at the J. M. Jameson home.

Mr. and Mrs. A. A. Baker and Misses Mae and Vera, motored to Pomona and visited.

Marie Wells was a caller on Hazel Flint Monday afternoon.

**RESCUE 15 SAILORS
OFF BURNING VESSEL**

NEW YORK, Nov. 1. — Fifteen officers and men from the burning steamer H. C. Rowe, formerly the passenger ship City of Bridgeport, were picked up from lifeboats late today by the cutter Peconic.

The H. C. Rowe, now engaged as the largest oyster boat afloat, is blazing from stem to stern between Sag Harbor and Shelter Island.

The Peconic is taking the rescued men to Greenport.

**"CHILD PUNISHMENT" TOPIC
LITTLE PARK, Nov. 1. — The P. T. A. held a very interesting meeting at the school recently with a very good attendance.**

Mrs. Leon Whitsell read an interesting paper on "Child Punishment."

WIND STORM FEATURE OF
"UNDER TWO FLAGS"

A sand storm, much desired, but wholly unexpected, nearly brought death to the ranks of the Universal unit filming desert scenes for "Under Two Flags," the Universal-Jewel screen play which opens a five-day run at the Temple theater tonight.

While another motion picture company packed up its paraphernalia and hastily fled back to Los Angeles, the three hundred people from Universal City faced the worst storm that has come to the country around Oxnard, Cal., in years.

Sand, lifted by howling winds from thousands of dunes, drove into the camp in a barrage that cut ropes, tents and faces. It tore down temporary buildings with the fury of maddened elements.

A battery of cameramen under William Flidew "set up" for action, and under Ted Browning's direction Priscilla Dean and her supporting players enacted dramatic desert scenes more realistically than they had ever dreamed of.

Four wind machines set behind dunes to create a miniature sand storm, were wrecked in twenty minutes by the first violent, crystal laden breath of the storm.

James Kirkwood, John Davidson, Ethel Gray Terry and Stuart Holmes felt less protected than the 241 "extras" who were mounted on sure-footed horses.

ANAHEIM MAN IS BURIED
ANAHEIM, Nov. 1. — The funeral for Theodore Irving Watson, age 38, who died at his home, 313 South Lemon street, Sunday night, was held at 10 a. m. today from the Backs, Terry and Campbell chapel. Burial followed in Hillside cemetery, Redlands.

James noonday lunches.

ADVICE ON PROPOSALS

No. 13—Judges' Salaries. Vote Yes.
No. 14—Local Taxation. Vote Yes.
No. 15—State Taxation. Vote Yes.
No. 16—Chiropractic Act. Vote No.
No. 17—Use of Streams. Vote Yes.
No. 18—Municipal Public Works. Vote Yes.
No. 19—Water and Power Act. Vote No.

Continuing the series of editorials in which The Register offers its advice as to how to vote on the thirty proposals that are to appear on the November ballot, The Register today deals with seven propositions, Nos. 13 to 19, inclusive.

No. 13 on the November ballot is a proposal to fix definitely the amount the state shall pay toward the salary of every superior judge in the state. Now, the state pays half of the judge's salary, and the salary is fixed for the judges of each county by a separate bill passed through the legislature. Some counties pay as low as \$2,000, others as high as \$7,000, and yet, so far as the state is concerned, the duty of the judge drawing \$2,000 is the same as the one drawing \$7,000. That is, he is subject to call to any superior court in the state. The state should stabilize this salary matter by paying \$3,000 per year to every superior judge. If a county desires to pay more it may do so, but no county can get from the state more than the amount fixed by No. 13. It looks like a businesslike thing to do. So vote Yes on No. 13.

No. 14 was drawn by the ablest tax experts in the state in order to correct an undesirable condition in relation to the taxation of foreign securities. At present stocks and bonds held by non-residents are carefully hidden because of an angle in the law that renders them subject to what the tax experts say is unjust taxation. Under this proposal a just tax can be collected, and the tax experts agree that the revenue of the state will be thereby greatly increased. Vote Yes.

No. 15 appeared to write an argument in opposition to No. 15. Under this proposal an equalization measure to prevent double taxation of real estate held by banks and double taxation of certain products sold to a dealer and then sold again. It also writes into law a valuable principle; that is, the right of the state to tax motor buses and trucks on their gross receipts. This is a principle in which the great majority of users of good roads are vitally interested in establishing. No. 15 should carry.

No. 16, known as the "Chiropractic Act," proposes the creation of a new state board for the examination of applicants for Chiropractic licenses. While many strong arguments appear in favor of this measure, The Register believes that its passage would result in lowering the standards of education and training required in this state for licensing men or women who hold themselves out as practitioners to deal with the health and diseases of human beings. At present any Chiropractor who can meet the requirements of the present law and can pass an examination given by a qualified state board, can secure a license, as many have done. The ultimate result of passing this act would be to let down the bars to practitioners who have not general education or training enough to pass the examination. That is something concerning which there should be decided hesitancy. Moreover, the law as proposed is not definite enough in its definition of "Chiropractor." That, taken with the belief that it is not advisable to create a separate examining board for each and every school of practitioners that may arise decides The Register to advise against the passage of No. 16.

No. 17 is a measure designed to give any political subdivision of the state an opportunity to participate in public works project in which the works are partly or entirely outside the state. Its aim is to allow cities and other subdivision to participate in the Colorado river power project. It binds no political subdivision to participate. The measure should pass.

No. 18 should pass. It merely gives two or more cities authority to co-operate in the development and ownership of public utilities. This measure offers a fairer and more workable plan for co-operation than now exists.

No. 19, the Water and Power act, concerning which there has been more discussion than upon any other proposal, with the possible exception of No. 2, which is the Wright Enforcement act, proposes to allow California to issue bonds totaling not over \$500,000,000 for use by political subdivisions in power, irrigation and flood control projects. The act has been criticised on the ground that it is poorly drawn, that it places a large amount in the hands of a small board without proper safeguards. In this view The Register coincides.

GERMAN REPUDIATION

Chancellor Wirth and his cabinet have been seriously discussing this question "whether, in view of the utter collapse of the mark, Germany ought not to declare a general repudiation bankruptcy and default in payment in kind as well as in cash." There is said to be plenty of German sentiment against

further repudiation whether in cash, service or any other form.

This astonishing proposal may be based on the fall of the Lloyd George government in Great Britain. The Germans may figure that in the confusion attending the shift of governmental responsibility from the coalition cabinet to a straight Tory cabinet, with an election impending that may cause still another shift, there will be a chance for Germany to sneak out of all her foreign obligations.

France, however, will have considerable to say about that. And so, no doubt, will the new British government, which starts out with the declared purpose of cultivating French friendship. To France, any such suggestion of repudiation, on top of all the hedging and postponement which, whether necessarily or unnecessarily, have characterized German repudiation so far, will be regarded as the last straw.

The basing of this proposal on "the utter collapse of the mark" will hardly satisfy even Germany's American friends. The German government itself is held chiefly responsible for that collapse, because of its ruinous financial inflation policy. If the point is pressed, Germany will be accused of having deliberately planned her own bankruptcy to escape her obligations. Repudiation even now can be made in service and goods, and should be, to the limit of German ability, in justice to the wronged Allies and for the sake of Germany's own regeneration.

JOKES AND THEIR AGE

Raymond Hitchcock, comedian, says Americans have a sense of pie-in-the-face or slapstick fun, but no real sense of humor.

He claims the old jokes go best with audiences because a joke, to an American, is like wine—has to be aged to be appreciated.

That's not the real reason. Old jokes bring laughs, year after year, because a new generation is always growing up that never has heard the old gags.

Attack on Popular Government

Riverside Press

The address of Harry F. Atwood in this city last night was in part a platitudinous eulogy of the constitution of the United States and its authors to which no one will take exception. The real purpose of the talk, however, was an arraignment of popular government and an attack on progressive policies and ideals. The Press takes no issue with the eulogy or the platitudes and holds very firmly to the idea that this paper is more loyal to the constitution than the Better America Federation that Mr. Atwood represents. We shall, however, take the liberty of touching on a few of the points that Mr. Atwood made.

Moreover, it is important to keep in mind the character and purposes of the Better America Federation. That organization is hostile to organized labor, is opposed to compulsory education, to child labor laws, to the eight-hour law for women and other humanitarian measures that are the pride of California. One of its recent bulletins rejoiced in the fact that the national child labor law had been declared unconstitutional.

Mr. Atwood started out with the assumption that the founders of our government were unalterably opposed to democracy; but he forgets that many of those men were trained in the school of the New England town meeting, an extreme example of popular government where the initiative and the referendum were the basis of actions. That was the background of many of the leaders in the constitutional convention; and the town meeting of those days is still held up to us by students of history as a model of efficiency and good government.

Repeatedly the speaker sneered at the direct primary, the initiative, referendum and recall as the source of all the evils of the day in our political life and the political nostrums of cheap demagogues. He urged a return to the good old days of the convention and the legislature whose laws were not subject to review—in other words to what he is pleased to term "representative government."

Well, we have tried both systems in California and that within a rather brief period. Not many years ago, if we wanted to get anybody nominated for office, we humbly asked Walter Parker to put him on the convention slate. If a community wanted to get a law through the legislature, it was expected to buy the votes of enough senators and assemblymen to ensure its passage. If you doubt that, ask the men who got the Riverside county bill through the legislature what sort of experience they had at Sacramento.

Mr. Atwood conveyed the impression that there is something very wise, profound and almost sacred in the way laws are passed by a representative body like the legislature. As a matter of fact, he was talking "bunk." In the average legislature the great majority of the members never read the bills they vote on. They vote "yes" or "no" as a matter of trade in order to get some measure of their own through or because some party leader tells them to vote that way. The Press does not hesitate in saying that the average voter in California gives more intelligent and discriminating study to the measures on the ballot (even when we have 30 of them, which is far too many) than does the average legislator at Sacramento or Washington to the bills he votes for. The fact that we have so many propositions to vote on is not chargeable to direct legislation but to the inherent defects in our state constitution which is a code of laws instead of a simple, fundamental document. Twenty-two of the measures on the ballot are constitutional amendments, none of which have any place in a constitution. Some time we shall discard this state constitution in California that has come down to us from the "good old days" and frame a new one. Then we shall not have to tinker with it every two years.

With all the defects of the direct primary, the initiative, referendum and recall—and they have their defects—have given us better government, a greater degree of justice, higher ideals of public welfare and a more intelligent interest in public affairs than we had under the old system. And if the Better America Federation thinks the people of the state desire to go back to the old regime, let them submit proposals for repeal and see what will happen to them.

Mr. Atwood urged that we do not get as able men under the direct primary as we did under the convention plan. It is interesting to note, however, that he did not cite the substitution of Beveridge for New as an example, and that is a typical case. What the Better America Federation really wants is government by the boss and for "the interests"; but Mr. Atwood was not frank enough to say so.

Repeatedly Mr. Atwood attacked public ownership; but that criticism surely will not be relished in a city that has made the notable success Riverside has of its municipal light and water plants.

He sneered at the "farm bloc" in the senate as made up of "shyster lawyers" (probably meaning Senator Johnson) and one newspaper publisher (presumably meaning Senator Capper). He forgot, however, that this same farm bloc gave to California the protection it has in the tariff bill on lemons, almonds, walnuts, olives and a score of other products of the farm and orchard. The people of Riverside have reason to be mighty grateful to this same farm bloc.

There was a bit unfortunate that this address was delivered in Riverside on the birthday of Roosevelt for much of it was an insult to his memory. The very things that Mr. Atwood denounced and that the Better America Federation is fighting were the policies that Roosevelt was proud to advocate and defend.

Verily, Politics Does Strange Things

Odds and Ends

LUXURY

A hundred years ago this month Americans were amazed by the incredible news, brought by slow mail, that the famous Covent Garden Theatre in London had been remodeled to provide a lounging lobby "heated by a stove."

The audience could flock out between acts and get warm, which was considered rare luxury in those days.

The luxuries of a century ago are inconveniences today. Life is getting softer and people are softening with it.

COLLARS

American collar manufacturers are finding a big market in the jungles of Africa. The natives, it seems, are as fond of white starched collars as they are of silk hats. The taller the collar, the more ivory they'll trade for it.

Submission to an uncomfortable fashion is a reflection of a strain of barbarism, whether in Africa or here at home. That our women are insisting on comfortable garments is proof positive that they are progressing mentally.

FUTURE

A glimpse of what may be common 50 years from now comes from Honolulu, where Governor Farrington takes a trip as passenger in an airplane. Above Pearl Harbor, the plane catches fire.

The pilot and his mechanic make Farrington crawl out on a wing while they battle the flames. Not a comfortable place to be, the plane traveling all this time like an express train, gradually descending. Striking the water, all swim and are picked up.

This is a modern version of the old-time thriller story of the boy who stood on the burning deck.

ACCIDENT

Fourteen million pounds of dynamite and powder were exploded last year in rock quarries worked by cement companies. And not a single serious injury resulted to any of the men who handled the explosives.

Reason: Recognizing their danger, they were cautious. Danger doesn't matter much. What counts is carefulness. Nineteenth of accidents are due to carelessness, not hazard.

Worth While Verse

TUMBLE-WEED LADIES

There are no leaves out on the plains
To dance when the frost wind blows
But Tumble-Weed Ladies all of brown
Whirl about on their toes.

I know that they dance out there tonight
With billowy capes blown wide,
Tiny hoods pulled over each face
As they hurry side by side.

Out where the wind plays little bells
For hundreds of flying feet
Tumble-Weed Ladies in magic rings
Dance where the lost trails meet.

—By Neal Gallatin in Lyric West.

Tom Sims Says

Babe Ruth is making money barnstorming. Who said he couldn't hit a flock of barns?

You see hand-painted pictures of health; but painting a car never takes the knock out of the engine.

People often will give three cheers for something they wouldn't give anything else for.

Russia has so much paper money now she may use paper hangers for bank tellers.

What's in a name? In Kansas City the new federal prohibition supervisor is Mr. Hunt.

Nothing tickles a man with a new overcoat like a cold spell. Light words often are more weighty than heavy ones.

A rolling stone gathers no work.

Many of us save for a rainy day as if we only expected a shower.

Cars and people that knock need working on.

Chorus girls get \$50,000 for broken hearts and an Ohio man only got \$500 for a broken leg.

Leading a double life gets you through just twice as quick.

A grouch a day will keep good luck at bay.

The height of fashion is lower.

One way to see goblins Hallow'en is eat too much mince pie before going to bed.

IN THE LONG AGO

From the Register Files

November 1, 1908

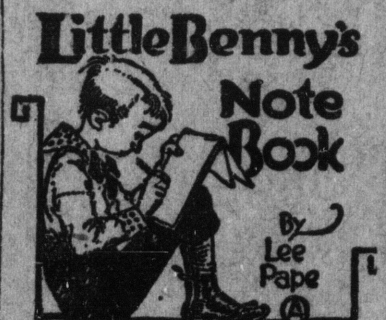

Three horses hitched to the ponderous street sweeper ran away. A man on horseback caught them.

Many people are interested in campaigning for \$60,000 bonds for a county hospital. The election is November 3.

"The Fairy Child" was beautifully presented last evening under the direction of Ernest Crozier Phillips and Miss Ruth Deardorff. Ruth Collins was queen of the fairies, and her attendants were Roberta Dawes and Margaret Lyon. Among others who took part were Carol Van Cleave, Frank Chapman, Beatrice Anderson, John and Waldo Wehrly, David Smiley, Truman Dawes, Wilhelmina Cavins, Ruth Visel, Stella Nilsson, Marie Har-Margaret, Ramona Clevenger, Elsie Lutz, Ramona Clevenger, Margaret, Watson.

Born to Mr. and Mrs. Stockford Wheaton, a daughter.

Several Riverside supporters of Miguel Estudillo issued statements defending the legislative record of Miguel Estudillo, Republican nominee for state senator. The fight over senator is one of the warmest in the history of the district. Many Republicans dissatisfied with the way Estudillo got his nomination are supporting Lafayette Gill, Democrat, of Riverside.

Fred Fernot on a Desert Island Scene: a desert island. Fred Fernot. Well, he always longed to be shipwrecked on a desert island and now I have and heer I am. Alone at last. G wizz I'm so far away from land I cant even see the horizon. Good nite, whose this guy, I wonder.

Stranger. My name's Smith. Im glad to meet you.

Fred Fernot. Thats more than I can say about you. I thawt I was on a desert island and heer you are.

Mr. Smith. My name's Smith. Smitty for short. I was shipwrecked heer one day last week. I had as much rite to be as you had. O, heers Mr. Jones. We call him Jonesy. Meet Mr. Jones.

Fred Fernot. Why should I? This is a heck of a desert island. Is there any heer besides you 2?

Mr. Jones. O, about 2000, and more gets shipwrecked every day. Thats wat I came down to the beach for, to see who got shipwrecked today.

Mr. Smith. Thats wat I came down for too. Theres generally about 12 or 15. It wasnt hardly worth coming down jest to look at you.

Mr. Jones. A lot of the fokes heer like it so much they wouldnt leave even if a ship came to rescue them, only none ever does. All ships go around heer its gett reeked.

Fred Fernot. Im going to swim back. So long.

Mr. Jones. G wizz look at him swimming out in the ocean before his clothes are even dry.

Fred Fernot. I either want a reel desert island or none at all, thats my motto. Good by and fare well.

Comment on Measures on November Ballot

(The Register, under this heading, will present statements concerning various proposals to be voted on at the general election. These statements may or may not be the views of The Register. They are presented for the information of The Register's readers.)

OSTEOPATH'S REPLY

An Open Letter To: Dr. Ray Lyman Wilbur, President, Stanford University:

Dear Sir: In your published statement opposing initiative measure No. 20 you state, "We feel that any measure that permits men and women of low educational qualifications to enter the field of the practice of medicine is prejudicial to the interests of our students and alumni and harmful to the public." You also say that "practitioners of medicine and surgery must pass a rigid examination."

Osteopathic physicians and surgeons have passed the same "rigid examinations" for fifteen years.

In 1919 all osteopathic colleges were arbitrarily disapproved by the medical board. If you feel that the "rigid examination" is a sufficient test for the highly educated physician and surgeon why are you not willing that this same "rigid examination" shall be given to the osteopath whom you imply has "low educational qualifications?"

The one and only purpose of initiative measure No. 20 is to provide opportunity for osteopaths to take the "rigid examination" that the medical board arbitrarily refuses them.

As you appear to be unfamiliar with the quality of training given in osteopathic colleges, I take the liberty of quoting from Judge Wellborn's decision which was sustained by the Appellate and Supreme Courts. After enumerating all of the medical subjects set forth in the law, the Court says:

"That in each of said subjects in this paragraph set forth said college has taught to each of the students graduating therefrom more than the number of hours in each of said subjects required in said section 10 for a physician and surgeon certificate and more than the number of hours set opposite the said respective studies as hereinabove set forth. * * * That said college has in all respects complied with all of the requirements of said Board and is entitled to be approved by said respondent Board as an institution qualifying applicant to take an examination for physician and surgeon certificates."

This applies to the California college only. If our outstate colleges could secure a hearing in California's Courts, this initiative measure would not be necessary. W. V. VANDERBURGH, Publicity Committee, California Osteopathic Association, San Francisco.

JUDGE BLEDSOE ON NO. 19.

Declaring the \$500,000,000 Water and Power Act to be fundamentally unsound and offering an appalling opportunity for the creation of a gigantic political machine, Judge Benjamin F. Bledsoe of the Federal District court, has issued a statement, urging defeat of the measure at the November 7 election.

Judge Bledsoe's denunciation of the measure and his careful analysis presenting the dangers that he sees in it will have a far reaching effect, say opponents of the Act. The fact that a jurist of his standing, occupying a place on the Federal bench, should deem the situation serious enough to demand issuance of such a warning will cause citizens to think, it is asserted. The following is Judge Bledsoe's statement:

"Being desirous, as a citizen, of acquainting myself with the various proposals to be voted on at the coming election, I have given careful study to No. 19, the 'Water and

Let not mercy and truth forsake thee; bind them about thy neck; write them upon the table of thine heart.—Proverbs 3:3.

Other Lands

Russian peasants frequently sleep with their cows.

The Tartars have an alphabet containing 202 letters.

Arabs salute each other by placing cheek against cheek.

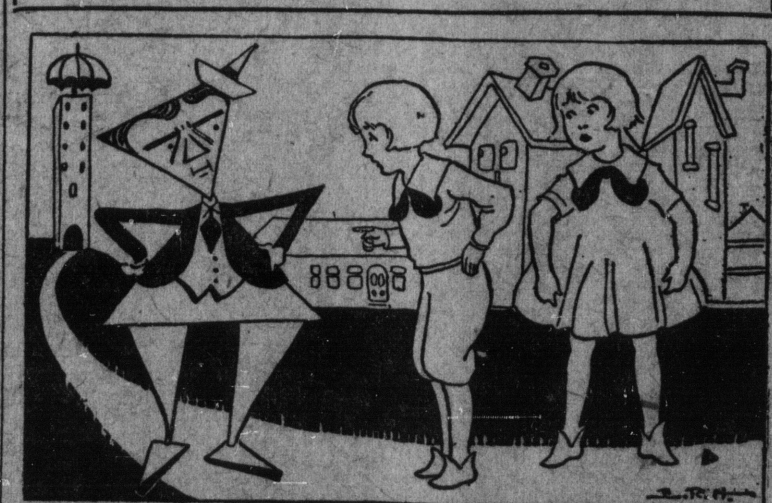

In Japan keys turn in their locks in the opposite direction from that customary to us.

The Hindus regard cows as sacred animals and their slaughter has been prohibited in Calcutta.

Adventures of The Twins

The 3-Cornered Boy

By Zoe Beckley

Mars was a queer place. There were no two people alike. The Twins had seen and spoken to a square man made of stone and a queer, funny woman made of wood.

And now what do you suppose? They saw a three-cornered boy. His head was three-cornered and his legs and feet and hands and arms were three-cornered, and he was three-cornered all over.

"What are you that way for?" asked Nick.

"What way?" asked the boy. He threw away a three-cornered apple that he'd been eating and whistled a three-cornered tune and smiled a three-cornered smile.

"Why are you all corners and edges and sharp places?" said Nick, looking him over from hat to shoes—none too politely, I'm afraid.

"I don't know," answered the three-cornered boy, turning a three-cornered somersault. "What
